portance and were passed as fast as read.

The senate began the evening by killing the first twelve bills on the calendar. They then took up the general appropriation bill, and in nearly every item concurred in the report of the senate finance committee. This committee reduced the total appropriation over $63,000 from the way the house left it. In all probability a conference committee will have to be appointed in order to effect an agreement upon this bill.

Denver, April 1 (1 a. m.) The house adjourned at 12:30 until 1 a. m. to make a distinction between the two legislative days. The interim was devoted to singing, etc.

The members of the conference committee on the revenue bill appointed by the house have submitted this compromise: That instead of the assessing board composed of 57 assessors they would be willing to submit to a board of 13 assessors to be chosen by all the assessors from their own number and to be chosen under the "see" system provided by the Harter bill passed four years ago.

The senate committee has gone back to the senate with that report but the senate is still in committee of the whole and will not consider it until it arises.

The senate completed the appropriation bill and took up other bills of local importance on second reading. They have not yet reached the reapportionment bill.

The opposers of the reapportionment bill, led by Senator Farwell, have given notice that they will file a protest against every measure passed after 12 o'clock midnight on the ground that such passage will not be in accordance with the law governing such matters.

The house reconvened at 1 o'clock and read the journal of yesterday's session and Mr. Ballinger, chairman of the conference committee of the house, reported that the house conferees had submitted its proposition to the senate conferees. If the senate agrees to it, the bill may pass.

The Sprague amendment in regard to street railways is to be re-inserted and section 47 is to be stricken out.

At 2 o'clock the senate is still in committee of the whole passing special appropriation bills.

The chances for beating the reapportionment bill are good.

2:30 a. m. The senate is still in committee of the whole. The Meredith bill creating the county of South Arapahoe and the Caley bill creating Adams county were passed.

Then there came an exciting time. W. H. Adams was in the chair and had been calling off the bills from the special order list which had been prepared some time before. Various senators approached the chair and sat down by Adams at different times. When Adams read off house bill No. 142, in respect to mavericks, there was excitement. It had not been put on the special order and was not to have come up.

The men who had bills on the special order got mad and accused Adams of cheating. A motion was made that the committee rise. Adams put it and declared it carried. A division was called for and the wildest confusion reigned.

Senator Whitford directed the assistant sergeant-at-arms to remove Adams from the chair. He tried to do it, but friends of Adams rallied around him and kept the assistant sergeant-at-arms off. Words stinging with insult were hurled back and forth. Senator Parks said Adams' work was "Too raw." Adams denied that he had changed the list. No blows were struck, and after a little while the aisles were cleared and quiet was restored. It is supposed one of the senators who went up to talk with Adams changed the list.

OHIO ELECTIONS

Municipal and Township Contests Are Arousing Interest Some Special Features Arise.

Cincinnati, March 31. Municipal and township elections will be held all over Ohio tomorrow. The most notable exception is that of Cincinnati, where a full ticket was elected one year ago for three years. Much interest, however, is taken here in the suburban elections, as these places have persistently opposed annexation. These local elections have a bearing on state and national politics, in which Governor Nash and Senator Foraker, who are both candidates for re-election, are taking an active part.

In some counties nominations for members of the legislature are made by popular vote at the April election. The legislature that is selected next November will choose a successor to Senator Foraker. At the same election Governor Nash will be a candidate for a second term, and especial interest is being taken at Columbus on this account. Taylor and Hinkle are the candidates for mayor at Columbus. H. C. Taylor is a life-long personal friend of Governor Nash and presented the name of Nash at the state convention two years ago when he was nominated. On the result at Columbus tomorrow may depend important results for the Democrats also, as Hinkle is the special friend of Congressman Lentz, who aspires to the governorship.

In Cleveland ex-Congressman Tom L. Johnson is making his start for the senatorship by running for mayor, and in Toledo Mayor Samuel Jones is running for a third term.

WESTERN LEAGUE SCHEDULE.

St. Joseph, Mo., March 31.—President T. J. Hickey, of the Western league was today bombarded with protests against the schedule prepared by him. All clubs are clamoring for holiday dates at home. President Hickey tonight said he would at once call a meeting to be held at Omaha, Thursday to settle the schedule question.

ALL THE NEWS

Generally fair Monday; warmer in eastern portion; winds becoming southerly. Tuesday probably fair.

STATE

Governor Orman has given the fusion legislature leaders to understand that under no circumstances will he call an extra session of the legislature, and if the revenue bill is not passed before adjournment, the state will have to get along under the existing law.

Both houses of the state legislature spent Sunday in session, devoting most of the time to the revenue, appropriation, reapportionment and capital punishment bills.

A Leadville special to the Gazette says John Jenkins, of Lake Park, is liable to die from exposure and a relief party will be sent to assist him.

Republicans of Pueblo are certain of winning municipal election.

Wm. Dean, a deaf mute, was struck by a Colorado and Southern train and seriously hurt.

Oil fever is at high temperature at Pueblo and many people visited the new district in spite of bad weather.

City council of Cripple Creek has made appropriations for the year.

Miners Union No. 40, Cripple Creek, decided not to submit to compulsory vaccination as ordered by the state board of health.

The Portland mine, Victor, has announced a new scale of wages to go into effect today. Wages of head firemen, firemen's helpers, blacksmith's helpers and top men are reduced 25 cents a day. 45 employe of the mine, however, receiving less than $3 a day.

The senate last night killed the first dozen bills on the calendar and proceeded with the general appropriation bill on which it concurred in nearly every instance, with the senate finance committee report. This committee had reduced the total appropriation over $63,000.

WASHINGTON

Navy department has received cablegram from Admiral Remey giving account of fire in gunboat Petrel at Cavite, in which Lieutenant Commander Jesse M. Roper lost his life in heroic effort to rescue men in danger of suffocation.

Secretary Gage, interviewed on accumulation of cash in United States treasury says it is not his present intention to purchase bonds, or to increase the deposits with the banks.

Arrangements have been completed for the unveiling in Washington of the statue of General John A. Logan on April 9.

FOREIGN

Conference was held at the colonial office, London, on the Newfoundland fisheries question.

Lord Salisbury is improving in health and may soon take a trip south.

Rumor current in Mexico that President Diaz will ask permission to go to Europe for his health is denied by the official Gazette.

Deserters from the British West Africa regiment are causing trouble and troops have been sent to suppress the revolt.

Berlin papers publish a speech of the emperor delivered nearly a year ago on lines of the recent one which caused so much comment.

Commerce at Marseilles is almost at a standstill.

Opposition newspapers in Paris say that M. Waldeck-Rousseau is feigning illness to avoid accompanying President Loubet to Toulon on April 10, fearing a demonstration on the part of Marseilles strikers.

James Stevens, the Fenian leader of 1866, was buried at Dublin in the Martyr's plot.

Seventeen cases of bubonic plague were reported at Cape Town yesterday; four European and thirteen colored.

ARRESTS IN PHILIPPINES

Commissary Officers in Department of Luzon Charged With Fraud.

DEPARTMENT NOT INFORMED

On the Allegations of Crooked Work ---Corbin Thinks the Story May Be Exaggerated.

Manila, March 31. Interest in the capture and fate of Aguinaldo is well nigh overshadowed in Manila by sensational developments, present and prospective, of frauds in the commissary department. How widely these extend has not yet been ascertained but enough is known to justify the belief that they are far reaching.

Captain Frederick J. Barrows, of the Thirtieth volunteer infantry, quartermaster of the department of Southern Luzon, together with seven commissary sergeants, several civilian clerks, a prominent government contractor, the assistant manager of the Hotel Oriente, the proprietors of three of the largest bakeries in Manila, a number of storekeepers and other persons have been arrested. The investigation has scarcely begun but thousands of stacks of flour, a quantity of bacon and wagon loads of other goods, all bearing government marks, have been found in the possession of unauthorized persons.

It is alleged that the contractor in question, who has been doing a business approximating $100,000 a month, has spent huge sums in entertaining officers. A prominent commissary officer is accused of leading a scandalously immoral life.

It is asserted that large quantities of stores have been lost or stolen in transit and also that there is a shortage in the commissary depot.

New scandals are developed daily. Illicit transactions have been traced back to June, 1900, and it is possible that there are others of earlier date. The exorbitant tariff on provisions makes the surreptitious sale of commissary supplies immensely profitable.

It is understood that prominent officers of the United States army may be arrested.

Lieut. P. K. Street of the Forty-sixth volunteer infantry is prosecuting the investigation under direction of Colonel Wilbur, chief of police.

WASHINGTON HAS NO OFFICIAL INFORMATION

Washington, March 31. It was said at both the White House and war department tonight that absolutely nothing had been received by the goverment regarding the alleged unearthing of crooked work on the part of the army quartermasters and others in the Luzon and the arrest of a number of persons in and out of the army, for stealing property of the government or receiving stolen government property. Gen. Corbin said, furthermore, that the government had no intimation of any sort that such developments might be expected. He was inclined, for this reason, to think the frauds against the government could hardly be so serious as reported, though admitting that this opinion was based wholly on the lack of advices from the government. Capt. Barrows, he said, was not the regular quartermaster for southern Luzon, and must have been acting quartermaster there at the time of the arrests.

FRENCH PREMIER AFRAID OF MARSEILLES STRIKE

Paris, March 31. The opposition newspapers assert that the indisposition of M. Waldeck-Rousseau, the premier, is diplomatical, with a view of avoiding accompanying President Loubet to Toulon, April 10. The theory is that the premier, owing to proximity of Marseilles to Toulon, fears the Marseilles strikers who are incensed at the refusal of the government to support them in the recent strike, might organize a hostile demonstration either in Toulon or at some point along the route.

Meanwhile the situation has not been changed as a result of the conference between the premier and masters today. The masters persist in their refusal to discuss a day of eight hours, which has all along been regarded by the strikers as the crucial point in the dispute.

In spite of the increasing number of free dockers now working, quantities of perishable goods lie rotting on the docks. Twenty-one steamers are awaiting discharge.

The general strike while it lasted, and the continued suspension of work, has done enormous injury to the trade and industry of Marseilles. The calculations show an industrial loss of some 25,000,000 francs, while the men have lost more than 2,000,000 francs in wages. A curious illustration of the bitterness which the strike has engendered between the men and the masters is that the strikers instructed their delegates to give formal notification to the minister of finance of frauds in the oil seed trade, pointing out that oil seeds were imported in bags, which the customs officers have not been in the habit of opening, with the result that articles subject to a much higher import duty are smuggled in the bags.

The commerce of Marseilles is for the time being almost at a complete standstill. Food stuffs which are largely imported are now scarce. The prices of sugar, coffee, flour and other necessary articles have doubled. A number of factories have been obliged to close. These conditions, added to the serious damage done by the floods and hail, have thrown the whole population into deep misery. The storekeepers and merchants intend to appeal to the government to remit the taxes for the first three months of the year.

At strike meetings held last evening and attended by about 3,000 dockers and coal heavers, it was decided to continue the strike until the masters concede an eight-hour day. At a later meeting some 300 dock foremen who had not hitherto joined the strike decided to refuse to continue to work with the improvised dock hands until the demands of the strikers were conceded. This will paralyze dock work, as inexperienced laborers cannot work without foremen.

The strikers' union has promised to support the foremen against any consequences of their action when work is resumed.

SECRETARY GAGE'S VIEWS ON CASH ACCUMULATIONS

Washington, March 31. Secretary Gage was questioned today as to his probable action with respect to the cash accumulations in the treasury and particularly as to whether he contemplated buying bonds for the sinking fund.

"The country would like to know," it was stated to the secretary, "whether the accumulation of money in the treasury which seems to be going on will not operate to the prejudice of general business affairs. Your estimate is that there will be a surplus of receipts over expenditures for the fiscal year ending June 30 of about $80,000,000. Your statement published yesterday shows that some $40,000,000 of that sum already has been realized. This would indicate that within the next three months $40,000,000 more of cash will be gathered into the treasury from the general money market."

The Secretary The estimates you speak of were made before the last session of congress and have been modified by events and by congressional action. It is now contemplated that the year's surplus will be over $60,000,000. A falling off in receipts or larger disbursements than have been estimated for, may also further modify the effect to which you point.

Question Well, Mr. Secretary, even then it seems that the cash holdings of the treasury will be increased by some $20,000,000 between now and June 30. Are you willing to state whether you would or could do anything to relieve general affairs should they be adversely affected by the tie-up of money in the treasury?

The Secretary There are only two methods open to get surplus funds out of the treasury vaults. One is to increase treasury deposits in national depositories; the other is to buy United States bonds. The latter is more consistent with government interests than the former since on buying bonds interest on the public debt is by so much stopped. The department, however, would not feel justified in buying bonds other than those which will mature and become subject to payment within the next seven years. At a proper price it would no doubt be willing to buy these, and thus relieve the treasury from a surplus which, as you assume, might, under some conditions, be prejudicial to general business affairs. At the present quoted rates for the short bonds I don't think the secretary would be justified in buying bonds. The 5s at the price yield an investment return of only 1.03 per cent.; the short 4s 1.61 per cent.; the 3 per cents of 1908, 1.34 per cent., while the new 2 per cents at their present price yield a higher investment return, 1.03 per cent. Now, it is a well-known and acknowledged fact that a long-time government bond, everything else being equal, is worth relatively more than a short-time bond. The present disparity to the contrary is therefore illogical if not artificial, and at their present price the secretary will not buy them.

Question As an alternative would you not increase the deposit of public moneys with the banks?

The Secretary No, that would aggravate in some particulars the situation to which I have just referred. To qualify as depositories, the banks would have to buy and deposit bonds. The effect would be to set up a competition, by the aid of the government against the government in the purchase of the securities already abnormally high. We are now advancing toward the period of the year when there is apt to be a money plethora instead of a scarcity, so I do not see that it will do any particular harm if money accumulates in the treasury. The reduction on taxation will, when it becomes operative, partially or wholly cure the present tendency toward a congestion in the treasury.

"To put the matter in a nutshell if it be a choice between buying bonds at an artificial price and letting funds accumulate in the treasury the latter will occur, nor will the department advertise for offerings of bonds. To do so I am satisfied would be fruitless in results. If, however, the department can from time to time buy the short bonds at an investment rate realizable to the investor who buys the new 2 per cents, it will not hesitate to do so, should the present market price for the new 2s remain about on the present basis."

SENATOR CARTER BETTER.

New York, March 31. Ex-Senator Thomas H. Carter of Montana, who was ill Saturday in the Waldorf-Astoria, was reported tonight to have quite recovered. His malady was acute indigestion.

AGUINALDO PLEASED

Manila, March 31. Aguinaldo continues to express himself as pleased with and impressed by the courteous treatment accorded him by General MacArthur.

"I am a prisoner," said he today, "but I am treated like a guest."

PORTLAND WAGE SCALE

Management of the Mine Makes Reduction in Pay of Four Classes of Employes.

Special to the Gazette.

Victor, Colo., March 31.—The management of the Portland mine has announced a new scale of wages to go into effect tomorrow that reduces the wages paid to four classes of men employed at the property. The following reductions are announced: Head fireman from $3.50 to $3.25 for eight hours; firemens' helpers from $3.25 to to $3.00; blacksmith helpers from $3.50 to $3.25 and top men from $3.50 to $3.25.

The Western Federation of Miners is looking into the matter and it is probable that this organization will fight the reduction.

In no instance will the wage of any man employed in the mine be less than $3 a day.

UNION TAKES ACTION

Special to the Gazette.

Cripple Creek, April 1. After the meeting of the Miners' union last night it was reported that the sense of the meeting was that the union scale of wages would have to be paid at the Portland mine or that property would be closed down. The reduction that is stated to go into effect at the Portland mine tomorrow conflicts with the union scale in the fact that 25 cents is deducted from the firemen's wages each day. There are six firemen employed at the Portland mine and it is not thought that the management will enforce the reduction of their wages.

The rest of the reductions made are satisfactory to the union, as they do not conflict with scale.

ANOTHER BIG SYNDICATE

Thirty Million Dollar Deal in Pacific Coast Fishing and Packing Industry.

San Francisco, March 31. The Call says: A thirty-million-dollar syndicate is pending in San Francisco, and with its successful consummation the entire fishing and packing industry on the Pacific coast will be controlled by one big corporation. The principal shareholders in the syndicate, should the deal be closed, include the well-known New York financiers, J. Pierpont Morgan, August Belmont, W. Seligman, K. Seligman and the presidents of several of the most extensive banking houses in New York City. Representatives of the eastern capitalists have secured options on a large majority of the canning plants and a syndicate will be able to control the entire salmon industry, with the exception of that controlled by the Alaska Packers' association of this city.

Negotiations have also been commenced with the Alaska Packers' association for an option on its plant, but nothing definite has yet been done. Among the companies that will be absorbed should the deal go through, are the Pacific American Fisheries company, of which John Cudahy of Chicago is the president, and the Pacific Steam Whaling company, of which Senator George C. Perkins of California is the head.

THE LOGAN STATUE.

Will Be Unveiled in Washington On April 9.

Washington, March 31. Arrangements for the ceremonies attending the unveiling of the statute of Gen. John A. Logan, in Iowa Circle, April 9, have been completed. On account of the few regular troops available in connection with the unveiling ceremonies, only a provisional regiment of the District national guard, a light battery of artillery and two companies of marines, will participate.

Gen. Granville M. Dodge, the presiding officer, will open the exercises, after which Rev. Frank W. Bristol, of the Metropolitan M. E. church, will deliver the invocation. This will be followed by the presentation of the sculptor, Franklin Simmons, and the unveiling of the statue by Master John Tucker, a grandson. President McKinley will make a short address; Senator Depew will deliver an oration, and a benediction will bring the ceremonies to a close. Many veteran organizations will take part in the ceremonies, and it is expected delegations will be present from the Society of the Army of the Tennessee, the Army of the Cumberland and the Loyal Legion.

CAVALRY HORSES.

Transport Sails With Animals For the Cavalry in Philippines.

San Francisco, March 31. The animal transport Arab sailed today for the Philippines with 670 horses for the cavalry already on the way to Manila. Tomorrow the Buford will sail with two troops to the first squadron of the fifteenth cavalry, one company of the Tenth infantry and the depot battalion of the Fifth infantry. The Kilpatrick, scheduled to sail next Friday, will carry the third battalion of the Eleventh infantry and two companies of the First infantry. On the tenth the transport Ohio will sail, and on the eighth the Aztec will get away. On April 15 the Logan will probably depart for Manila with two companies of the First infantry, the third squadron of the Ninth cavalry, the second squadron of the Tenth cavalry and a battalion of the Eleventh infantry now at Governors island and Fort Jothan Allen.

GALLUP MINE EXPLOSION.

Not So Many Men Killed As Had Been Reported.

Denver, March 31. A special to the News from Gallup, N. M., says that there were only three men in the Weaver mine at the time of the explosion yesterday. It was thought that a number of Japanese were entombed, but this seems to have been a mistake. The three men, two white and one negro, were killed as reported and the workings of the mine were destroyed.

DIAZ RUMOR DENIED.

Mexico City, March 31. The official Gazette says that various newspapers here announce that President Diaz will ask permission to go to Europe for the benefit of his health. The Gazette denies that the president will make the trip.

NEWFOUNDLAND FISHERIES.

London, March 31. A conference was held yesterday at the colonial office on the Newfoundland fisheries question. Mr. Chamberlain presided. Lord Lansdowne, secretary for foreign affairs, and Mr. Bond, the Newfoundland premier, were present.

AN AMERICAN NAVAL HERO

Lieut. Commander Jesse M. Roper Met Death to Rescue Others.

FIRE IN THE GUNBOAT PETREL

Admiral Remey's Cablegram Notifying the Department---Dead Officer Enlisted From Missouri.

Washington, March 31. The navy department early this morning received a cablegram from Admiral Remey, commander-in-chief of the Asiatic station, giving a brief account of a fire in the sail-room of the gunboat Petrel and of the death of the commanding officer, Lieutenant Commander Jesse M. Roper, as a result of a heroic effort to rescue the men below. The dispatch shows that twenty-two other officers and men were prostrated, but all are recovering. Admiral Remey's dispatch is as follows:

"Cavite, March 31.

"Fire discovered sail room Petrel 7 this morning, Roper commanding. After going below once, went again against advice. Attempted recover men below. He suffocated. Died at 7:45. Twenty-two men entirely prostrated. All recovering. Fire out. Damage immaterial. Send Roper's remains by Buffalo. Remey."

The department at once sent a telegram to Mr. H. F. Fay, the brother-in-law of Lieutenant Commander Roper, at No. 73 Monmouth street, Longwood, Mass., asking that he inform Mrs. Roper of the news. The following expression of sympathy and appreciation is also made known:

"With this sad news the department sends to Mrs. Roper deep sympathy in the great loss she has sustained and the highest appreciation of the gallantry and self-sacrifice with which Lieutenant Commander Roper gave his life for his fellow men. It was a hero's death."

The deceased officer was born in Missouri and entered the naval service June 25, 1868. He was commissioned to the rank held by him at the time of his death on March 31, 1899, and ordered to command the Petrel, November 15, 1899. The Petrel was one of the vessels under Admiral Dewey at the battle of Manila bay, when she was in charge of Lieutenant Commander E. P. Wood. The latter officer came home shortly after and Lieutenant Commander Roper succeeded him.

The Buffalo, on which the remains will be sent home, is now used for the transportation of troops and is about to return to the United States by way of the Mediterranean.

Cavite, March 31. At 7 o'clock this morning a fire was discovered in the sail-room of the United States gunboat Petrel, Lieutenant Commander Jesse Roper commanding. The sail-room is a small compartment adjoining the magazine. The heat was intense, the smoke suffocating and the flames difficult to extinguish.

Lieutenant Commander Roper was the first to descend into the hold, but he was forced to return to the deck. Others then went down. Seaman Patrick Toner was prostrated and about to perish when Lieutenant Commander Roper endeavored to rescue him, and was suffocated in the attempt.

Lieutenant Josiah Slutts McKean and Cadet Lewis suffered severely in bringing the body of Lieutenant Commander Roper to the deck.

Twenty-two of the crew were prostrated, Toner, Evans, Flaherty, Larsen, Kessler, Cahey, Burton, Smith, Sullivan and Forsboon seriously, but all will recover.

The contents of the sail-room were destroyed, but the damage to the gunboat was slight. The origin of the fire has not been ascertained, possibly it was a case of spontaneous combustion.

The death of Lieutenant Commander Roper is greatly deplored. His body will be sent to the United States April 5, by the Buffalo.

OLD SPEECH OF GERMAN EMPEROR IS PUBLISHED

Berlin, March 31. The Berlin papers publish a speech said to have been delivered by Emperor William May 29 of last year, at a luncheon following a parade of the guards. His majesty referred to the occasion of a parade of the guards May 29, 1888, before Emperor Frederick, who was then seriously ill, and continued as follows:

"At that time the position I should assume with reference to the army was hidden in the midst of the future. Today no doubt is possible on this point. I may say that since the command of the army has devolved upon me I have exercised it and drilled it so that when I put it to a trial I may feel secure and certain that it will not fail me."

His majesty then proceeded to say that for a long time, and in deference to the solicitation of Field Marshal Prince Albrecht, Count von Blumenthal and Count von Waldersee he had considered the question of assuming the grade of field marshal.

"According to Prussian traditions," he continued, "only the winning of a battle or the capturing of a first rate fortress entitles one to that honor. This has not been vouchsafed to me, but in my own vindication I can say that for twelve years I have worked on the army to the utmost of my power, and I think I have succeeded in keeping it up to the level of its past.

"In a few years I hope to be strong enough at sea to secure respect for the name of Germany throughout the world. This new offensive flank which I am building on the army by means of a powerful fleet will place Germany in a position to defy all danger no matter when a combination may be formed against her."

LECTURE ON ANARCHY BY A RUSSIAN PRINCE

New York, March 31. Prince Krapotkin, of Russia, from which country he is an exile owing to his advocacy of anarchistic doctrines and who has come to this country to speak in behalf of Russia's oppressed, lectured to a large and enthusiastic audience at the Grand Central palace this afternoon. His subject was "Anarchism; Its Philosophy and Ideal." Prince Krapotkin contended that the philosophy of the 20th century would be the philosophy of anarchism and that the prevailing tendency of the great movements of this century would differ radically from those of the earlier part of the last 100 years when nearly all movements tended toward an increase in the power of the state. The increase of power on the part of the individual and the masses he declares was the most needful thing for the relief of the laboring classes.

"We have on all sides of us," he said, "beautiful cities and magnificent palaces and specimens of architecture that have been created through the labor of the masses, yet they have no part in their enjoyment. One hundred years ago, a lifetime was needed in which to amass even moderate wealth; now human genius has made possible a system of production that permits the amassing of enough fortunes in a length of time so short as not to have been dreamed of, even at the beginning of the last century."

"By what right," the speaker continued, "did any man presume to say he owned this line of railway, and that enormous manufacturing industry, and through such ownership was worth a specific sum?

"The masses, the laboring class, created the values of the properties and yet owned no part of them. Those who, by their efforts, their application and the use of their intellects, have been the means of creating these properties are in reality persecuted by those to whom the laws of the state grant titles of ownership."

COL. JOHN S. MOSBY ON THE "DAWN OF THE REAL SOUTH"

New York, March 31. In its forthcoming issue, Leslie's Weekly will print a paper by Col. John S. Mosby, the famous confederate raider, on "The Dawn of the Real South," in which he says:

"The real south is just at its birth. The growth of this child of the nation may be gradual, but in the end the south will be far richer and more powerful than the north. In the days to come the south will become the dominant section of the country.

"Without the war of secession, the south could never have hoped to attain the future that is now certain. Slavery was a great incubus, paralyzing natural energy. By abolishing this wrong our war benefited every state south of Mason and Dixon line. The negroes are producing more as free men than they ever did as slaves; and the great mass of the people are vastly better off today than they were under the old ante-bellum system.

"Socially as well as industrially, the abolition of slavery was highly beneficial in its results to the masses, for slavery was a great wrong and no community can exist in the highest state of happiness when its system is based on a wrong.

"There are the soundest reasons for asserting that the negro's status is bound to improve. While they are not as near the equality with white people as they were under the system of slavery, they are certain to be absorbed by immigration and in this engulfment they will disappear. This is the natural and wisest solution of what we now call the 'race problem.'

"Richmond is the city most likely to become, in time, the banking center and commercial headquarters of this country, and therefore of the world. The days of that famous old city as a political capital are past, but its career as the central point of manufacture for the whole south and from there for the world at large is just beginning.

"While great forces have been working for the change industrially and socially, the political change is hardly less marked. It is well nigh folly today to speak of the 'solid south.'

"That, by the way, was a phrase of my own invention. When Hayes became the Republican candidate for president, I urged (in a letter, August, 1876,) that it was better for some southern men to support him, because if we were elected his administration must necessarily rest on whatever supported it. It was better for the southern people to divide between the parties, so that no matter which side won, there would be men friendly to southern people who would control its southern policy. This contention is fully realized today, and the 'solid south' belongs wholly to the political past."

STRIKE EXPECTED.

Trenton, N. J., March 31. A general strike of all the men belonging to the different building unions in Trenton is expected to be inaugurated tomorrow. The men are striking for an eight hour day at the same wages they have heretofore been receiving for a nine hour day.

The master masons and other builders have decided to deny the mens demand.

LEADVILLE

John Jenkins Liable to Perish From Exposure Relief Party Will be Sent Out

Special to the Gazette

Leadville Colo March 31—Unless assistance is sent to John Jenkins of Lake Park he is liable to perish from exposure in his cabin Two days ago an old colored man named Jones came in from the Park which is about five miles from Leadville, to obtain assistance for Jenkins who was ill in Jones cabin The old colored man, however did not notify the authorities until today A relief party will be sent out at once The cabin is located way up in the mountains and is very difficult of access

PANHANDLE BLIZZARD

Fort Worth Tex March 31—One of the worst blizzards of the season is prevailing in northwest Texas in the Panhandle Reports from up the Fort Worth & Denver road say snow began falling early this morning and at 9 o clock was nearly four inches on the level at Quanah The thermometer registered 25 above at Texline. Above that point the blizzard is worse the snowfall being accompanied by a fierce wind The storm will have a bad effect on the cattle interest in the Panhandle

HAGGIN'S STOCK FARM.

Lexington Ky, March 31—J B Haggin has closed a deal for the J H Kerr farm of 541 acres adding it to the Elmendorf stock farm This addition gives him over 4,500 acres within one fence in Fayette county The price was $100 per acre His new home which will cost $300 000 is nearing completion His purchases of thoroughbreds for March chiefly from Easlin & Larrabee are estimated to aggregate about $150 000

Caproni Casts.

We are the representatives in Colorado Springs of the Caproni (Boston) Casts, which are reputed to be the best in this country They are a trifle more expensive than some, but the quality more than makes up for the difference in price They are made in the smooth old Ivory finish, and are so well done that they may be washed with water. Inferior kinds can not be cleaned without injury

We carry a choice line of Placques, Statuettes and Bas-reliefs Just now, we we have a window display of them.

NEWS TOPICS FROM DENVER

Duncan's Statement of Conditions In Northern Coal Fields.

BUILDING PERMITS NUMEROUS

Broke the Record For March United States Secret Service After Counterfeiters

Denver Bureau
Colorado Springs Gazette

Denver March 31—Charles Duncan representative of the United Mine Workers has issued a statement in regard to the present condition in the northern coal fields It is as follows

To the People of Denver and Colorado

Through the obstinacy or it might be better termed arrogance of the Northern Coal and Coke company we are again compelled to call public attention to the strike situation in the northern field The strike that took place on January 1 1901 is still on and notwithstanding every honest effort in the power of man has been used to bring about a peaceful and amicable settlement the company continues to refuse all overtures made by the mine workers It must be apparent to the public that the syndicate which owns and has during normal times practically controlled that field is determined if in its power to starve the miners into submission If it succeeds it will mean that the syndicate will again control the market and thereby have it in its power not only to compel the miner to work on whatever terms it may dictate, but it will enable it to close up every independent mine in the field If by some chance such a condition is brought about and all competition destroyed what may the consumer expect? It is certain he will guess the first time, and the answer will be that you (the consumer) will pay enough extra for your coal from that time on to reimburse the syndicate for every penny spent during the strike

Let us ask how is it possible for the independent operators to pay the prices asked by the miners and comply with all other conditions and run their mines to the fullest capacity (in some cases night and day) at a fair and reasonable profit to themselves while the syndicate in the same field with better equipment and at least equal facilities for getting to market say they cannot comply with any of the requests of their workmen?

In our opinion the honest answer to that question is Thousands of dollars have been wasted in useless experiments by visionary and incompetent officials that ought to have gone into the treasury of the company to help pay a fair interest on the investment and give to their miners what justly belongs to them—a fair and equitable share of the products of their labor Some of these same officials boast that it matters not to them whether the strike continues or not their princely salaries continue

At the same time in order to bring the men to terms every inducement—soft snaps good jobs even money to those considered influential in the hope that they would betray their fellow workers and break the backbone of the strike by returning to work But thank [illegible] three months they have been unable to find a [illegible] and the ranks present as unbroken a front now as it did last January This time the mine workers are more firmly cemented together in the bonds of universal brotherhood and are determined to carry on this fight to the end that in the end right must triumph and that justice will smile through her hoodwink and again assert her dominion over might Yours for justice

Charles Duncan
Representative U M W of A

A report from Russell Gulch Colo says that Thomas Roberts who was injured in the Old Tom mine last Monday died last evening

During the month of March there were issued in Denver 152 building permits at an aggregate value of $459 [illegible] This is the largest number ever recorded in March

The United States secret service is making an earnest effort to run down the parties who are responsible for the passing of so much spurious coin in this city All of the United States secret service men in this part of the country are in the city assisting in the search

NEWS NOTES FROM PUEBLO

Republicans Are Very Hopeful of Success in Municipal Election.

WM. DEAN STRUCK BY TRAIN

Oil Excitement Still Continues to Run High Kindergartens Reopen After a Vacation

Pueblo Bureau,
Colorado Springs Gazette

Pueblo March 31 On the eve of the hardest fought political campaign in the history of Pueblo it looks as though the battle of the ballots on Tuesday will result in an overwhelming victory for the Republican ticket and the advocates of law and order The fight has not been along political lines but rather on the question of the enforcement of the many laws and the outcome will therefore be all the more interesting Within the past few days T J Downen has gained strength wonderfully while his opponent has without question lost some ground and the Republican leaders tonight are confident that Mr Downen will be elected by a majority running well up into the hundreds

It will be a close fight for the other positions on the ticket but the Republicans believe that they will pull all of their candidates through The aldermanic situation is rather complicated but even prominent Democrats concede the election of a majority of the Republican candidates The first fourth sixth seventh and eighth wards are believed to be certainly Republican while the other wards are doubtful with the chances favoring the Republicans In the second ward there has been a bitter fight but friends of Bed Donahue the Republican candidate say he will be elected by a good majority

William Dean a deaf mute was struck by Colorado and Southern train No 4 south bound at 11 20 o clock this morning, at the switch just west of the Fountain Dean was walking on the track He sustained serious bruises on his back and his head was also badly cut Dean lives at Fountain and he was taken to his home in that city

Real estate transfers for the month of March totaled nearly $80 000 distributed among 182 deals This is a substantial increase over the month of March 1900

A committee of representatives of teams in the city league will hold a meeting tomorrow night to draw up the constitution of the organization and frame laws for its government

Kindergartens in the schools of district No 20 will open tomorrow after a vacation of three months

At the meeting of the Ministerial association tomorrow morning Rev J E Fisher will read a paper on The Race Problem

The snow of the past few days has somewhat dampened the ardor of seekers of oil, but quite a number of Puebloans paid a visit to the new district today. Despite the assertions of Colorado Springs people the Puebloans interested in the district are confident that they will strike oil in great quantities before long The company that filed on 160 acres of land near Little Buttes at Colorado Springs Saturday includes in its membership the entire board of county commissioners of Pueblo county, the county clerk and the deputy county clerk and the county attorney

WIELAND CASE

Court Authorities Are Hunting Up Evidence Against the Emperor's Assailant

Berlin March 31—There is the highest authority for the statement that the investigation into the causes of the attack upon Emperor William by Deitrich Weiland has not been considered but is still being vigorously pushed The imperial court at Leipsic which alone can try cases of high treason has sent two officials to Bremen to assist in the investigation which is now directed chiefly with a view to clearing up three points not yet explained, namely what company Weiland regularly frequented before the attempt whether he received orders from plotters particularly anarchists socialists or Anglophobes to carry out the attempt having also in view what has become of the suspicious individuals who were seen near him just before it was made and what weapon was used by Weiland or by some other person

Evidence tending to throw light upon these points has been accumulated but it is too slight to warrant indictment The question whether Weiland actually threw a piece of iron as was at first alleged or some one fired a shot from an air rifle is still unanswered to the satisfaction of the authorities Emperor William inclines to the air rifle theory His physicians incline to the belief that a piece of iron was thrown The [illegible] is also convinced that Weiland was a tool and in this conviction he is sustained by his entourage

Immediately after the preliminary investigation is closed the evidence will be sent to the imperial court at Leipsic whose president will come to Berlin at [illegible] to confer with Herr von Schoenstadt Prussian minister of justice and with the imperial judicial department with a view of ascertaining whether sufficient grounds exist to begin a trial for high treason

GOLD COAST TROUBLES

Accra, Gold Coast Colony March 31—Three hundred men of the British West African regiment who deserted in Kumassi marched armed to Cape Coast castle where all business has been suspended owing to a fear that the deserters will loot the town One hundred and twenty troops were dispatched from Accra to Cape Coast castle today to suppress the revolt

KITCHENER ACTIVE

London April 1—The war office has received advices from Lord Kitchener dated Pretoria March 30 reporting the capture of 12 Boers in Orange River colony and officially announced that Gen French has taken 51 prisoners and received the surrender of 93 Boers as already announced in press dispatches Lord Kitchener also reports upon recent wrecking of trains at several points.

TRANSFERS ON THE TROLLEY

What the People Will Gain by An Approval of the Pending Street Car Franchise.

There is an aparent lack of information regarding the provision for transfers which is made by the proposed street railway franchise upon which the taxpayers of the city are to express their opinions tomorrow Owing to the fact that in the canvass for the consent of property owners along the right of way of the proposed extensions there has developed almost no opposition to the franchise it is expected that the people will approve it almost with one voice tomorrow

There are persons in the city however who are having considerable to say in the circles in which they move regarding the fares to Cheyenne canon and to Manitou advocating opposition to all franchise until one providing for a 5 cent fare to these points is granted

In view of this fact, a statement regarding what is offered by the proposed franchise will be of interest and value to persons who are qualified to vote upon the approval of the franchise

There is on file with the city clerk an agreement between the Colorado Springs Rapid Transit company and Mr W S Stratton owners of the old franchise and of the proposed new one, respectively, whereby the old company and the new agree to an interchange of transfers this including transfers from one division of the old or present line to another Under this agreement it will be possible for persons to go from any point in Colorado Springs either to Manitou or to the Cheyenne canon, for 10 cents which they cannot under this agreement do at present They can go from the north end of the Spruce street line or from Roswell or from the north end of the proposed Wahsatch avenue line or from the north end of the northeast line or from Knob hill or from Evergreen cemetery to Ivywild or to Colorado City, for 5 cents They can go from any of these points to Cheyenne canon or to Manitou for 10 cents

It will be possible for a passenger to go from the north end of the Spruce street line to Roswell or from Roswell to Knob hill or from Ivywild to Knob hill for 5 cents In fact it will be possible for him to go from any point in Colorado Springs to any other point in Colorado Springs for 5 cents which is not possible at the present time or it will be possible for him to go from any point in Colorado Springs to Manitou or to Cheyenne canon for 10 cents which is not possible at the present time

There will be a fare from the end of the Colorado Springs line in Manitou to points on the Manitou High line this being wholly outside the control of Mr Stratton or the Rapid Transit company The Manitou line is owned by Manitou people and Mr Ramsay states that the Rapid Transit contract under which the Rapid Transit people are compelled to operate cars on this line is one in which there is absolutely no compensation for them and that they would call the contract off and leave the tracks in Manitou unused if it were possible

Voters should bear in mind this further fact That Mr Stratton is the owner of the present lines of the Colorado Springs Rapid Transit company and will continue to be the owner of them that under the proposed and pending franchise transfers about Colorado Springs as stated above will be available but that under any franchise that might later be granted to other parties—if the present one should be rejected by the people, there would be no possibility of transfers with the present lines and the present lines control the key to the whole rapid transit situation in Colorado Springs

The people will undoubtedly vote almost unanimously for the franchise as it has been approved by the city council

JAPAN TAKES ACTION IN MANCHURIA MATTER

London April 1 'Japan has made direct representations to St Petersburg against the Manchurian convention" says a dispatch to the Times from Tokio dated Saturday 'but the result is not yet known Japanese public opinion is very strong on the subject

The cabinet is prudent and pacific but impressed by the national enthusiasm which is certain to become uncontrollable if there is any undue yielding

The result of the issue of the first installment of the Seoul-Fusan railway loan testifies to the extent of the patriotic enthusiasm The amount was covered many times over with subscriptions from remote rural districts in spite of the extreme tightness of the money market

London April 1 There is reason to believe says the St Petersburg correspondent of the Daily Mail "that the Manchurian convention between Russia and China will be ratified in April

The Yokohama correspondent of the Daily Mail who records various indications of preparations for war on the part of Japan says

Interviews have appeared with prominent statesmen all breathing the war spirit and expressing the general opinion that it is impossible to allow Russia a free hand in Manchuria This is the gravest crisis from the point of view of Japan, since her war with China "

According to a dispatch from St Petersburg to the Daily Mail the Koreans at Sa Maru, a frontier town recently repulsed an attack by 200 armed Chinese

Tacoma Wash, March 31—Oriental advices say

In a decree issued to the governors of Chinese provinces the empress dowager declares that among the first reforms to be undertaken shall be the speedy construction of Yangtse valley railways and railways connecting Shang-hai Soo-chow and Nan king

ARRAIGNED THE CHURCH

President of Dartmouth College Criticises Attitude of Christians in China.

Boston March 31—President William J Tucker of Dartmouth college took the Christian church to task for its part in the Chinese troubles during a Lenten service at the Old South church this evening His strongest sentences were these

The very apostles sent forth by the church have shown they do not know how to keep the ten commandments In China it looks as though the gospel was suspended as well as the law The Christian church has been set back, nobody knows how far by the behavior of the missionaries in China"

His subject was The College Graduate and the Church He asked what attractiveness the church has for the students in these days of a cat material wealth He answered it by saying that the need was a plain matter-of-fact morality The last century was one of missionary activity yet at its close its work was discredited It is a time of moral confusion also We must expect the failure of Christendom to support Christianity

SHEEPMAN KILLED

Quarrel Over Grazing Privileges Leads to Shooting of John Selman.

Salt Lake March 31—A special to the Herald from Grand Junction, Colo says

As a result of a quarrel over the right to graze sheep on a strip of practically worthless ground near Cisco Grand county John Selman of Payson Utah is lying dead in W H Banister s undertaking parlors here and E L Campbell, surveyor of Grand county, is under arrest at Moab awaiting a preliminary hearing upon the charge of murder The disagreement which culminated in the shooting of Selman occurred at Campbell s ranch five miles south of Cisco, at 4 o clock Friday afternoon E L Campbell who will have to answer to a charge of murder now that Selman is dead is said to have a wife and family living at his ranch near Cisco Word reached here last night that immediately after the shooting he started for Moab the county seat, and surrendered himself to the officers

JAMES STEVENS' FUNERAL

Fenian Leader of 1866 Buried at Dublin No Demonstrations

Dublin March 31—The funeral of James Stevens leader of the Fenian movement of 1866 who died here last Friday took place today the remains being interred this afternoon in Glasnevin cemetery in the presence of a great assemblage of people including delegates from the various Nationalist organizations Michael Davitt was among the pall bearers The coffin was drawn by six horses with outriders and covered with beautiful wreaths from political societies

An Irish flag floated over it At the request of John Redmond Nationalist lead er in the house of commons Timothy Harrington lord mayor of Dublin William Field (member of parliament for St Patrick s division of Dublin) and John J Clancy (member for North Dublin county) followed the hearse as representative of the Nationalist parliamentary party

Mr Stevens was buried beside his wife in the Martyrs plot There were no speeches or demonstrations

Jimmy Michael gave an exhibition covering three miles behind the motor tandem in 4 [illegible]

HERBERT MAHL DEAD

New York March 31—Herbert Mahl who died at Spartanburg S C Saturday was a son of William Mahl of this city who was comptroller of the Southern Pacific railroad company Herbert who was 26 years old, had for the last [illegible] years been the head of the department of the maintenance of way of the Houston and Texas Central railway About a year ago his health gave way and he was ordered to the northwest and went as far as Spokane No improvement [illegible] went south The father left this city tonight for Spartenburg to bring the body home

NEW HOTEL BURNED

New York March 31—The [illegible] Hudson hotel at Par [illegible] Yonkers was burned early today The building was to have been ready for occupancy on May 1 and part of the furniture had been put in The cost of the structure and furnishings was $150 000 and the building was so thoroughly damaged by the fire that the walls had to be pulled down The building is said to have been the largest hotel on the Hudson and stood on the top of a hill 250 feet above the water It was of stone and brick and had been lavishly decorated.

Amusements

THE ELEVENTH HOUR.

Lincoln J Carter s latest production "The Eleventh Hour," will be presented at the opera house Friday evening This play was produced on the 20th of May last and made the most emphatic hit of anything this gifted author has heretofore presented The Eleventh Hour is unlike any of Mr Carter s former productions for, while it abounds with his humorous comedy it is full of heart interest and has a vein of pathos that makes it doubly interesting to all The Eleventh Hour is a comedy drama pure and simple dealing with characters that we [illegible] contact with a story that is beautiful in its simplicity and the total ensemble of the play is more complete than any of his former productions

THE STAR BOARDER

Charles H Boyle and his company will be the attraction at the opera house next Saturday in The Star Boarder This farce comedy has been constructed entirely for laughing purposes and for the introduction of many clever vaudeville features Judging from the press notices the piece has received en route to the coast The Star Boarder evidently pleased the people and fulfills its intended purpose The company selected to support Boyle is largely composed of well-known people whose specialties individual and collective form the chief portion of the entertainment The action of the piece is decidedly swift and everything goes with snap and vim that is so necessary to the success of a farce comedy Charles Boyle is a comedian who is already well and favorably known to theater goers as a farce feature He is also the author of the piece in which he is starring Miss Sue Lelle Meade is one of the leading members of the company and a songstress of considerable repute Viola Bennett is another valuable member of the aggregation It was she who composed and arranged all the musical numbers songs and medleys in The Star Boarder

THE EVIL EYE.

One of the best attractions of the season will be seen at the opera house tomorrow evening The Evil Eye" The spectacle has been rewritten and rebuilt its action is as rapid and light as any one could require its music is simple and tuneful there is a constant flow of humor and a succession of stage pictures The dancing of the Phasey troupe and the effects secured in the electric ballet are said to be among the best features of an exceedingly good show this season

'The Evil Eye is the title bestowed upon a horribly bad man with hypnotic optics who seeks a hidden treasure buried near the Rhine Jeppie Jans a mountebank has a map that shows where the treasure is This the Evil Eye discovers He kills Jans secures the map abducts Jans pretty daughter Gerda and escapes He is pursued to the final curtain by Nid and Nod Gerda s brothers, mutes who can do almost anything in the way of making sudden appearances and disappearances and who are assisted in the chase by Adora Van de Voort, a fabulously wealthy American widow and Peleg Kaisenhelmer her adoring suitor.

The company is a large one Borani and Lilloti in acrobatic revels the aerial surprise of Nid and Nod the electric ballet of the Phasey troupe the human windmill the laughing sensation of the disappearing rooms the latest love ballads, By Your Side Honi Soit Qui Mal y Pense The Legend of the Rhine are very catchy numbers

During the second act Miss Mayme Mayo will sing the Times souvenir song entitled She s the Real Thing My Bab This is one of the [illegible] souvenirs that The Times has given to its patrons and Miss Mayo will certainly distinguish herself for she is already a big favorite

OPPOSED TO EDUCATION.

St Petersburg Friday, March 29 The ministry of education is considering as a means of diminishing the number of university students a proposal to admit anyone qualified to enter the universities to examination for university diplomas whether they have attended the universities or not This however would hardly be a satisfactory solution of the difficulties which result from restrictions of university freedom

Sixty-nine students who were arrested during the recent riots have been released It is rumored that severe riots have occurred during the last few days at Kief but were quelled by the military authorities No further particulars are available

RAILROAD INSPECTION

Corpus Christi Tex March 31—A representative of Speyer and company of New York, who recently purchased the Mexican National railway accompanied by General Superintendent J [illegible] Brown and J N Galbraith superintendent of the northern division of the Mexican National arrived here this morning from Laredo and spent several hours inspecting the company s interests here It is said that Vice President Gabriel Morton [illegible] made general manager of the National [illegible] road connects at Ariel with the San Antonio and Aransas Pass a Southern Pacific property

NORTH ATLANTIC SQUADRON

San Juan Puerto Rico March 31—The North Atlantic squadron Rear Admiral Farquhar commanding arrived off San Juan last evening The United States special vessel Uncas Chief Boatswain J W McLaughlin delivered the mails and the squadron lay to all night proceeding today for Culebra islands where orders are expected by Admiral Farquhar directing the squadron to go Venezuelan waters

BRITISH MUST WAKE UP

London April 1—The Cape Town correspondent of the Daily Mail after referring to the fact that the Cape government was compelled last year to have recourse to the United States and Germany for locomotives and trucks says

British manufacturers must wake up as further large orders for steel rails will shortly be given out to relay the permanent way after the heavy war traffic There is also certain to be a big development in light railways in outlying portions of the colony

"KING OF ARABIA"

Constantinople March 31—Further fighting is reported to have occurred in the Nejed district of Arabia between the Sheikh of Koweit on the Persian gulf and Bin Rashid the self-styled king of Arabia

The river Maritza has overflowed and caused disastrous floods in the province of Adrianople Eight villages and twenty mills have been destroyed and it is believed that several lives have been lost A strong earthquake shock was felt here [illegible]

GRANTED INCREASED WAGES

Youngstown O March 31 The blast furnace of [illegible] for the Mahoning valley have [illegible] to the demand of the furnace workers by granting them the increase of 20 cents per day asked for The men would have gone on strike tomorrow if the operators had refused the demand

KANSAS RETURNS THANKS

Washington March 31—After the appointment of Gen Funston yesterday Secretary Cortelyou after the direction of the president wired the news to Governor Stanley of Kansas Today the following response was received from the governor

Express to the president the thanks of the people of Kansas for his recognition of Gen Funston

Crescent Clothes for Boys have graceful outlines. Style is written all over them. We add our guarantee to that of the seller. Ask for the red Crescent.

Chas. McCaffrey & Co
Broadway N.Y. makers

In Colorado Springs only of A. H. Whaite & Co.

The Cliff House, Manitou, Colorado, IS NOW OPEN.

Political Situation Up to Present Date

This is the last day of the city election campaign. Tomorrow will be election day, and by tomorrow night the results for better or for worse, for the various candidates will be determined. All but a few of those who will vote tomorrow have already decided how their votes will be cast.

So far as the general result is concerned, everything points to a Republican victory. The majority party is united, harmonious and confident of success, while the minority party is badly divided, sullen and expects defeat.

The better class of Democrats are thoroughly disgusted with the methods of the so-called machine which has arrogated to itself the party management and is responsible for the present ticket and the methods that are now in use. The Populists are sore because fusion has been repudiated as soon as these Democratic leaders believed it would no longer serve their purpose. The political bargains of past years are falling due and the holders of these promises are wondering where their pay is to come from. The lesser candidates on the ticket are angry because no serious effort has been made toward their success. Besides these things, the large class of non-partisan business men who are interested only in securing the welfare of the city are turning strongly toward the Republican ticket and exerting a quiet influence that will have its effect.

All but a few of the machine Democrats openly admit defeat, while the few that cling to hope, do so only on the theory that enough Republicans will stay away from the polls to permit the Democratic candidate to steal a march upon them, or that something unexpected and undescribed may happen at the last moment.

The only question is, How large a majority will the Republicans have? The Democrats desire to cut it down as low as possible. The Republicans wish to make the indorsement of Mayor Robinson and the repudiation of the machine as unmistakable as they can be made.

It shows the straits to which the machine is reduced that its great gun in this campaign should be chained with the declaration that the mayor had performed the duties of his office. The talk about the water permits amounts to this and nothing more. There is no ordinance of any kind governing the hours of sprinkling. That is an executive matter and it is left to the mayor to provide for and protect the city's interests in such a manner as he may see fit. He may allow the water to be used at all hours or at only a few. He may restrict one part of the city at one time, and another at another. All that the ordinance provides is that the mayor's orders relating to this matter shall be obeyed. Now everyone knows who has looked into this matter that it is impossible to divide the city into a few large districts and to enforce hours of sprinkling exactly alike for all these residents without injustice and public injury. One man may be starting a lawn which requires a little extra attention; another man may be obliged to be at his work at certain hours and can only use the water at a particular time. In other cases a number of persons may draw their water from a small pipe and find it quite impossible to keep grass and trees alive under the conditions that are favorable to their neighbors. The instances mentioned are drawn from actual experience, and there is no doubt that the mayor has the legal authority, and it is a part of his official duty, to adjust these exceptional cases so as to bring them into conformity to the general rule that there shall be no discrimination for or against anyone in the use of the city water. According to the Democratic machine idea, the mayor should make no effort to adjust his rules to exceptional cases, but should enforce them regardless of whether trees and grass were dying or not.

The biggest blunder of the machine and the silliest piece of absurdity that has been sprung in this campaign is the story that the president of the Christian Endeavor union of this city had entered into a conspiracy to get the Endeavorers to indorse the Republican candidate for mayor, in return for which he was to be favored in some city work. Such an indorsement is absolutely opposed to the principles of the good government branch of the Endeavor societies; the president of the union is a man who has lived in this city for many years and has the highest reputation for sincerity and integrity; and the speakers of last night's meeting were such men as Dr. Gregg, Dr. Boyle and others of that class.

The preposterous story was the subject of considerable discussion yesterday, but it served a useful purpose in awakening some voters to a knowledge of the character of the machine managers and the kind of methods they are using in this campaign.

The increase of the number of precincts makes it easier than ever to cast a ballot, and there will be little delay or crowding at the polls. It is important, however, that voters should cast their ballots early. The weather is apt to be clear and bright in the morning and cloudy and cold later in the day. Do not be misled by a bright sunshiny morning into postponing the duty of voting until afternoon. Go early to the polls and cast a ballot for Robinson and the Republican ticket and for the ordinances that are submitted for the approval of taxpayers. When you have done that you have done all that can be done this year for good government, clean politics and the interests of the city.

If you do not vote next Tuesday your name will be stricken from the registration books. It is easier to vote than to register next fall.

THE SATISFYING PORTION

Of any man's life viewed from a business or professional standpoint is to succeed. Dr. Ellison, Colorado Springs' succesful Lung, Throat, and Chronic Disease Specialist, is now reaping the benefits of years of effort in seeking to become proficient in curing the diseases he treats as a specialist. Are you sick? See the Doctor before you secure treatment. Examination free.

It is quite essential to a man's success that he is in love with his life work. Dr. Ellison loves his chosen profession. He has always been well satisfied that he chose medicine, when it is remembered that the doctor has had under treatment nearly two thousand cases and has only lost four. Success such as this will bring happiness, for of all things in this life men like to succeed in all undertakings. You will find a great difference in the success of men in the numerous walks of life. In medicine a doctor who cannot keep his family and himself in good health is not liable to cure his neighbors. In the treatment of chronic diseases good judgment holds the balance of power because medicine is not an exact science. This being true, the physician who enjoys the most extensive practice in a given line will necessarily be in possession of the best treatment. Dr. Ellison is busy every day treating consumption, asthma, catarrh, bronchitis and chronic diseases of men, women and children. He enjoys a practice second to none and is in a position to become familiarly acquainted with the diseases he treats. Office, 24 North Tejon street (over Craigue's grocery store), where he can be consulted from 9 to 12 in the mornings, afternoons from 2 to 5, evenings from 7 to 8 o'clock. Sundays from 2 to 8 p. m.

DR. ELLISON'S SULPHUR COUGH CURE

This remedy has long been used by the doctor in his practice for the cough incident to consumption, asthma, bronchitis, croup, diphtheria, coughs, colds, hoarseness, loss of voice, sore throat, whooping cough, influenza, etc. It will not dry up a cough or cold, but aids nature in throwing off the poisonous mucus produced from diseased lungs or a cold, heals the membrane and restores nature to a healthy condition. It is prompt in its action and absolutely harmless. There is no morphine, opium, ipecac or injurious drug in its composition. In croup, whooping cough and diphtheria it liquifies the tough, tenacious mucus and aids its expulsion from the system. Price, 50 cents a bottle at the office, 24 North Tejon street (over Craigue's grocery store).

DAN BEAN IS A VISITOR HERE

Dan Bean, who was in years gone by a well-known citizen of this city, has returned after an absence of eight years in Arizona. Mr. Bean is the son of Mrs. J. C. Brinkerhoff, of Manitou. He was a printer when he resided here and was employed on the Gazette. He is now interested in mining in Arizona.

In speaking of Arizona and its mining fields Mr. Bean was very enthusiastic. He believes that territory has a big future before it in the matter of mining operations alone. He is interested in a number of propositions there and is doing well. Mr. Bean is in the city for a visit to his old friends, coupling pleasure with business which called him from Phoenix to Denver. He will spend about two weeks here.

A WOMAN'S BACK

The Aches and Pains Will Disappear if the Advice of This Colorado Springs Citizen Is Followed.

A woman's back has many aches and pains.
Most times 'tis the kidneys' fault.
Backache is really kidney ache.
That's why Doan's Kidney Pills cure it.

Many Colorado Springs women know this.

Read what one has to say about it:

Mrs. S. Hodge of 238 N. Walnut street says: "I purchased a box of Doan's Kidney Pills procured at Jones & Wellington's drug store, and not relieved rheumatic pain and backache I could not have been induced to try any more treatment, neither would I recommend through our Colorado Springs newspapers the means I employed to bring me relief. Doan's Kidney Pills act as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

LEAGUE WILL MEET THURSDAY

Western League Game Schedule Must be Disposed of

DONOHUE A MILLIONAIRE

Has Signed Papers Which Make Him Half Owner in the Springs Franchise Hickey Announces Players.

President Thos. J. Hickey, of the Western Baseball league has received so many suggestions from the league managers for changes in the schedule that he sent out last week for their approval that he has decided to call a meeting of the league to discuss and dispose of this matter.

The date of the meeting has been set for Thursday, April 4, and until it finally disposes of the question there will be nothing definite on the subject of playing dates.

Colorado Springs is to have Tim Donohue, of Chicago, as a catcher. Donohue Saturday night signed the papers with Billy Hulen, whereby the Chicago man becomes half owner in the Colorado Springs franchise and he will be one of the Millionaires this season.

The Associated Press gives out the following on the subject of players:

St. Joseph, Mo., March 31.—President Hickey announced a number of approvals of contracts tonight which include twelve men signed by Manager McKibben of St. Joseph, as follows:

Mike Welday, J. A. Hoy, Charles MacDonald, Ralph Gibson, John Green, Russ Hall, J. E. Schrall, William Rapert, Ira Davis, H. Maupin and J. A. Wiggs.

Frank Starup was released by Mr. Hickey.

Terms were accepted for J. C. Honeyman and Joe Wilkins.

Colorado Springs received a bunch of ten approvals as follows:

F. Hemphill, W. H. Hollingsworth, Ed Smith, Jack O'Connell, George Ream, Al Witterage, Tuck Turner, J. W. Swain, H. Shaffer and A. J. Lamkin.

But two contracts were approved for Kansas City. George Hanson and Jack Wisner going to that city.

Thomas McAndrews, J. J. Thoman, S. A. Rouat and A. Herman represent the main approvals.

Walter Preston and H. G. Neely were the only men with the Denver club whose contracts were acted upon and approved.

The approvals of the Minneapolis club are: J. Wadsworth and William Carney and with St. Paul, William McGill, T. H. Larson and E. W. Holley.

H. C. Hausen, who was suspended last season for hitting Bill Wilson over the head with a bat, has been reinstated. Hausen is on the Minneapolis team.

HE GOT AN EARLY MORNING MUD BATH

A small but very amusing runaway occurred on Pike's Peak avenue yesterday about noon which spoiled the clothes of Guy Hinkley, the ticket broker, and broke the bridle of the horse belonging to the above gentleman. Other than this no damage was done and after securing a new bridle Mr. Hinkley drove the animal home without further difficulty.

Mr. Hinkley was driving east on Pike's Peak avenue and everything went well until the bit broke, which happened soon after Cascade avenue was passed. When the horse found that there was no restraining bit in his mouth he started to run and then the funny part of the affair came in. Mr. Hinkley thought that if the horse was going to smash up three or four buggies on its course down Pike's Peak avenue, he would not care to be in the mix-up and so he tried to jump out of the buggy. His foot caught in a line, however, and his foot was held just long enough so that he alighted in about a foot of Colorado mud. He didn't say anything, but after brushing as much of the mud from his clothes as was possible, he put an overcoat over them and went his way up the street after the horse, which had been captured. A new bridle was soon secured and Mr. Hinkley drove hom looking a little the worse for mud.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and there is almost certainty that hair will grow again, if the follicle has not been totally destroyed. Nels Peterson, of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of 'cures,' but without any benefit whatever, until I tried Herpicide. November 16, 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxuriant, glossy hair, if Herpicide is used thoroughly. Take no substitute.

OFFICIAL LIST OF NOMINATIONS

As certified to the City Clerk of the city of Colorado Springs, county of El Paso, and state of Colorado, to be voted for at the general election to be held April 2d, 1901.

To vote a Straight Party Ticket, write within the blank space immediately hereunder the name of the party you wish to vote for.

I hereby vote a straight ..... Ticket
except where I have marked opposite the name of some other candidate.

If you have not voted a straight ticket above, place a cross mark (x) with ink opposite each name you wish to vote for in the blank space left for that purpose.

CHEAP AT THE PRICE.

THE SMALL TROUBLE necessary to cast a ballot under the Australian system is a very small price to pay for good government clean politics and the advancement of very important material interests of the city

The average voter sometimes wonders what he or she gets out of a campaign

The question is an easy one to answer

In the first place it is for the individual voter that all the energy and effort displayed by the politicians is exerted Speeches are made volumes are printed bands of music are hired, money is spent freely and persons who never did anything of the kind before get out on the sidewalks or go from house to house and argue and declaim and all of these persons do all of these things in order that plain Mr John Smith or Mrs John Smith, as the case may be may be properly instructed in his or her duties as an American citizen and as a stockholder in the affairs of this great and glorious republic or municipality

And if the voter does take the trouble to reach a decision as to what is the best to be done in any particular election and takes the trouble to do it that voter makes many distinct gains

In the first place he gains the consciousness of having done his part towards maintaining this as a government by the people of the people and for the people. And in the second place every honest vote cast as the result of an honest opinion is a defense of the interests of the people against the schemers and the robbers who are always ready to take advantage of every chance to advance their own interests to the detriment of their fellows And in the third place the voter who intelligently forms his or her opinion in regard to public matters and casts a vote accordingly receives a reward in actual dollars and cents as well as in other ways Taxes are lower times are better public affairs are more honestly administered life and property are safer, moral standards are higher, and in every way the city is a better place to live in if voters take an interest in politics and get out to vote than if the voters are indifferent and are aroused only occasionally when some great and outrageous wrong demands redress

It is a good thing in every way for Colorado Springs to be known as a city where the full vote is cast at every election Such a condition tends towards a better grade of candidates a greater care on the part of nominating conventions, and a higher standard of public service

The voter who takes the trouble to vote gets paid for it in many important ways

THE SITUATION IN BRIEF.

COLORADO SPRINGS is a Republican city and is proud of the fact

Dr John R Robinson is a good mayor, and everyone knows that he is a good mayor Under the law regulating the affairs of a city of the first class the mayor has largely increased powers, and these powers will be safe in the hands of Dr Robinson, who has shown by actual service what sort of a man he is and what sort of a mayor he will make

And when the people of Colorado Springs turn out of office a man like Dr John R. Robinson in order to make room for any Democrat they will have to be shown some evidence of superior fitness besides the slurs and the innuendoes and the absurdities that have made up the campaign arguments of the Democratic machine this year

The only apparent result of the Democratic efforts has been to arouse Republicans to an interest in the campaign and to make them realize the importance of a vote for Mayor Robinson as a means to good government clean politics and the city s interests

THE ALDERMANIC CONTESTS.

IN THE FIRST WARD the Democrats have indorsed the Republican nominee, knowing that they have no chance of success against the present incumbent, Mr Clark By avoiding a contest they hope to reduce the vote for Dr Robinson

In the second ward the Democrats have nominated against Alderman Capell a candidate whom it is not expected or intended to elect As a result of Capell s assured success the Democrats hope to cut down the Robinson vote in the second ward and the Democrats of that ward of course are willing to trade votes for Capell in exchange for votes against Robinson

In the third ward the Democrats have no candidate of their own but at the last moment they indorsed the Populist Alderman Sinton The Democratic plan in the third ward is to trade Sinton against Robinson and win a double victory by defeating the Republican candidate for mayor and the Populist candidate for alderman The Republican candidate in this ward is Mr A L Patton, a well known young business man who is very popular and well qualified for the position The interests of the ward will be promoted by his election

In the fourth ward the situation is a peculiar one The Democratic candidate is the county jailer who holds his position as a reward for party services in the eastern part of the county in the last county campaign He is not a property owner in the ward and at the time of his appointment was not a resident of this city But he is a worker after his kind and he is working for himself The Republican nomination in this ward is a particularly good one Mr W C Stark formerly the South Tejon street hardware merchant, is well known as a successful business man who has been successful in his own affairs and will be fully competent to look after those of the city and of his ward

In the fifth ward the Republicans have nominated Mr R H Ashworth, a former member of the council who is familiar with city affairs and has successfully served the interests of Colorado Springs and of his constituents

The outlook for the success of the Republican candidates for aldermen is very good It would be no surprise to the well informed if they should be successful in all the wards and such a result would certainly be for the general good of the city

THE CITY AND THE NEWSPAPER.

A GOOD NEWSPAPER published in a growing city like Colorado Springs ought to make it one of its chief aims to promote the material interests of that city in all possible ways

There are papers in the larger established centers of population that make it their business to publish a record of the day s events and nothing more but such a newspaper would fall short of its duty in the west.

The Gazette makes it a part of its policy to help Colorado Springs in all the ways in which a good newspaper can help the community in which it is published and from which it derives its support

One of the ways in which this can be done is by the publication of such an illustrated number as was sent out yesterday morning From it can be gained as in no other way an understanding of the progress this community is making both in its material development and in its progress along all other lines

The numerous expressions of warm appreciation that have come to the Gazette management show that its efforts along this line are recognized and commended a fact which is otherwise sufficiently well shown by the increase in size the large increase in circulation and in the increase of advertising patronage

So far as our own [illegible] is [illegible] a general the assertion is fully warranted that there is no newspaper received among our exchanges from any city in the United States larger than that are equal the [illegible] editions that have been appearing from week to week in the Sunday Gazette It is especially noticeable too that a very large proportion of these Sunday Gazettes after being carefully read by the local subscribers are sent to eastern relatives or friends in order that in this way they may be of further service in making known the resources and attractions of Colorado Springs and advancing the interests of this city In this way as well as by its regular subscribers throughout the country the Gazette has come to be the most widely read of all the Colorado Sunday newspapers

The beneficial results of such a policy consistently pursued cannot be a matter of doubt The particular effects of work that is being done by the Gazette in its Sunday and daily editions are not always easily identified But it is the frequent assurance from those who are in the best position to judge that these results are certain and that a large part of the prosperity of Colorado Springs is due to a newspaper that has neither time nor space for tearing down or pulling back but has abundant resources and enterprise for anything that tends towards the benefit of the city or the promotion of its interests.

A LEGISLATIVE MISTAKE.

ONE OF THE BILLS that has been defeated in the assembly and that deserved a better fate is the one that was introduced by Senator Ammons and was intended to fix the valuation of stock killed by railroads The present law is defective in this important point and the Ammons bill without being unreasonable or unfair to any other interest was of great importance to the farmers and stock raisers of the state

Senator Ammons is to be commended for the very gallant fight made by him for this bill He succeeded in getting it through the senate but the house was unfavorable

It is to be regretted that any class or interest in the state would assume the position of denying to any other a fair protection for its property or just compensation for loss

The Gazette desires to correct an inaccuracy in yesterday morning s editorial Mr John M Harnan the Democratic candidate for city attorney, was admitted to the bar on January 25 1899 He has been in practice for more than two years instead of less than one as was intimated

FROM THE STATE PRESS

Items of Interest for Gazette Readers From All Parts of the State.

A few weeks ago there was some doubt as to whether Colorado would have a Quarto-centennial celebration Now all doubt on that score has been removed Instead of one show we are going to have two This is the twenty fifth anniversary of the admission of Colorado into the sisterhood of states, and it is fitting that the event should be appropriately celebrated With that end in view, Colorado Springs first suggested such a celebration and made a move to have the event officially recognized by legislative resolution But here is where the Springs fell down Boulder stepped into the contest and carried off the official recognition but Colorado Springs would not give up the project and promises the larger celebration of the two August 1 is the day they will present the glittering generality —(Breckenridge Journal

A short article in this issue from the Colorado Springs Gazette speaks of the provision for the election of United States senators by the legislatures of the state as a constitutional defect Those who have watched the senatorial fight in Nebraska from a non citizen and disinterested standpoint pronounce it an ignominious condition For weeks they have been balloting and still have not elected, whereas had the people voted for the senator it would have long ago been settled The opinion is becoming general among men of both parties that the election of senators ought to rest with the people When we consider the advantage to be gained by a direct legislation it does appear that some steps would be taken to remedy the matter It would be a more expeditious method because those officers would be elected at the general election Another thing it would more fully represent the sentiment of the people, and the more such matters are left in the hands of the people so much more will it be in accord with the principles of our government —(Holyoke Republican

The Pueblo Sunday Opinion states that the Pueblo contingent of statesmen at Denver are about as useful as a hen sitting on china eggs Insofar as utility is concerned this statement might be extended to the entire body We do not think the statement is strong enough to meet the conditions Sitting on china eggs is a harmless occupation while all that is being hatched out at the state house is far from harmless Among these eggs it seems to us are some viper eggs which are liable to hatch and produce things which will strike at the prosperity of the state until another legislature can be [illegible] —[illegible] Sun

The people of Colorado are no doubt pleased to learn that two honorable (?) members of the legislature indulged in a fist fight on the floor of the house this week The public no longer takes interest in its legislatures for the reason that it has long ago come to look upon them as a lot of cheap skates as a rule and the least they do and the quicker they adjourn the better the people are pleased The present assembly is no worse or better than its predecessors Latter day aggregations of the kind are composed of fifty small politicians to one statesman and they have long ago lost the honor and respect of the people which was once theirs The rank and file gets mighty weary of the antics the fake bribery investigations and all that sort of cheap horse play and soon loses all interest The present assembly did well in giving home rule to Denver and now if it will pass the appropriation bills for the state institutions pay itself off and go home a vote of thanks will go up —(Ouray Herald

Cripple Creek can now be regarded as the second greatest railroad center of any town in the United States One hundred and thirty trains come and go every 24 hours which are divided as follows Upon the electric low line 72 regular beside eight special taking out and bringing in the miners from the morning and afternoon shifts a total of 80 On the F & C C 36 trains on the electric high line 20 and on the Midland Terminal 14 a grand total of 130 The Colorado Springs and Cripple Creek Short line is now completed and trains will be running regularly in a few days which will add materially to the carrying capacity of the roads While Cripple Creek is already great it is bound to expand and with the increased facilities for carrying the miners to their work their homes and families will be stationed in Cripple Creek which of itself will increase the commercial importance of the town —(Gillett Forum

It has now been definitely settled that Colorado Springs will get the baseball franchise and will put a team in the Western league Colorado Springs [illegible] the Sunday games and the management say that without the Sunday games the organization cannot exist This will necessarily bring the [illegible] Cripple Creek [illegible] and are reliably informed that the [illegible] will give heap rates [illegible] Sunday excursions [illegible] possible The effect [illegible] [illegible] months will spend their Sundays [illegible] mountains surrounding the greatest gold camp on earth Gillett has the only baseball park in the district suitable for professional baseball and our town will be [illegible] Sunday pro vided our people awaken to the necessity that those people must be fed and entertained while here The uncertain service of our railroad must be remedied and ample transportation facilities furnished This they have promised to give So that the success or failure of Gillett as the pleasure ground of the district is now up to our people (Gillett Forum

Throws Down the Bars

(Denver Times)

That veteran autocrat of Colorado eastbound tourist rates who last year put the rates in effect on his road over the veto of other lines John Sebastian general passenger agent of the Rock Island, has again taken the initiative The introduction of eastbound excursion rates last year in connection with the westbound summer rates which have been in effect for years proved profitable to the roads and was very gratifying to the people of Colorado, thousands of whom took advantage of the opportunity to visit their old homes or friends at the east

Mr Sebastian has given notice of the intention of the Rock Island to make the rates independently if necessary but announcing the rates and dates on which the excursions will be run The aggressiveness of the Rock Island last year was appreciated by the Colorado public and at the close of the season had the hearty support of lines which had accepted the inevitable under protest The notice sent out yesterday follows

This company has submitted a proposition to the Western Passenger association for excursions to and from Colorado points as follows Westbound every Tuesday June 18 to September 10 inclusive rate of one fare plus $2 for the round trip excepting that on July 2 and 9 September 3 and 10 rate from Chicago will be $25 and from Missouri river $15 for round trip Intermediate territory to carry proportionate rates Tickets to be sold from Missouri river one day later than above Proportionate to and from Glenwood Springs Salt Lake and Ogden Eastbound rate one fare plus $2 to all points minimum $6 every Thursday June 20 to September 12 inclusive limit of all tickets, October 31. These rates will be tendered connecting lines for basing purposes and will be made effective by this company if negative votes are cast Special trains will be run on schedule of one night to and from Colorado on these dates by our line carrying dining cars and complete first class equipment

Welcome to the New Road.

(Cripple Creek Times-Citizen)

The spirit manifested by the people of Cripple Creek yesterday toward the Colorado Springs and Cripple Creek Short Line, upon the occasion of its initial entrance into the city should have been gratifying to the officials

Never was an enterprise more cordially welcomed

From the hour the train made its appearance over the saddle east of the city until the departure two hours later the city was in a foment and all ages and vocations joined in the general jubilee

What this road means to the Cripple Creek district is hard to calculate in dollars and cents If it remains out of the pool and conducts its business as an incidental necessity to the mining industry of Cripple Creek it will not only add to its own prosperity but it will add to the prosperity of the district As an independent line it will control the bulk of the passenger and freight traffic of Cripple Creek

It is because the people have the completest confidence in Messrs Howbert Stratton and Burns that they entered so enthusiastically into the occasion They thoroughly believe in the representations of these gentlemen that the Short Line will always remain a Cripple Creek line independent of the other corporations

The Spirit of Thrift.

Thrift is synonymous with frugality economy, prosperity, gain, profit relates to a thriving state or condition. Speculation is the opposite of these and usually has reference to unsound and hazardous transactions In order to thrive and be permanently prosperous the homely virtues of honesty, industry and economy must be cultivated Earning money by fair means, is important, wisely saving and using it is not less so For new and profitable plans of saving see printed matter of The Assurance Savings and Loan Association, 109 East Kiowa Street.

Little Girls Learning The Culinary Art

"WHAT kind of cooking do you prefer? Restaurant or home?" This sounds like an exceedingly unreasonable question but it is not.

There are thousands of people in Colorado Springs who eat at home and there are hundreds who eat at restaurants and for the latter as well as the former fact there must be a reason.

Some men eat at the restaurant because they have no other place to eat and it would probably be found to be true that most of those who eat there do it for this very reason. Still, there are others who have homes and yet eat at the restaurants. These men probably do it because the cooking at the restaurant is better than they can get at home, a hard insinuation to cast at some homes, but nevertheless one sometimes true.

There is a movement on foot in Colorado Springs to remedy this dire situation, and if all the little girls in the city could get the benefit of a course of instruction which has been taken during the present winter by quite a number, the time would come when the man with a home would eat there.

The course referred to is now drawing to a close for this year, but it is one of the most interesting and practical ever carried on in Colorado Springs, and the people should know about it. It is a course in cooking and preparing foods for the table, conducted by Miss Elizabeth Taylor, a student at Colorado college, under the auspices of the Ladies Guild of St. Stephen's church.

There are little girls in the north end who have had more than one burned finger tip during the past winter; there are little girls who have met with discouragements as real and as grievous as any that will come to them in future years; and then, on the other hand, there have been successes never to be forgotten, triumphs of skill of which the little girls are as proud as they would be over the rarest social distinction, achievements which promise much for the happiness of these little girls when they shall have become big girls, and, incidentally, no small measure of happiness for other people beside.

Miss Taylor has met with her class weekly for the last 21 weeks, and the interest which she has aroused in the work is very great. The members of her class have been little girls between the ages of 10 and 13 years, and some of the things that they have accomplished have been very remarkable. They began with lessons in boiling and proceeded then to the realm of the oven, in which branch of their work they learned to make white bread and brown bread and biscuits and rolls, going on even to the extent of making choice cakes and pies that would make a thief out of the most virtuous brother in the world. They learned to fry eggs and to fry apple fritters, and then, during the last few weeks, they have been trying their skill at salads, ices, ice creams, etc.

Quite a number of Colorado Springs merchants have kept track of the work that has been done by the little girls under Miss Taylor's instruction. They have donated goods and time to assisting the work of the class and feel a very deep interest in the work. Herman & Hayman have assisted materially in many ways, and a few days ago had the whole class at the well-known meat market giving them lessons in selecting the best cuts of meats. The Colorado Springs company has donated all the gas used during the winter. Hoopes Brothers, hardware dealers, have aided in the furnishing of utensils of various kinds, and W. N. Burgess has been very generous in supplying provisions for the use of the class.

Low's book store also has aided in the work.

Miss Taylor is a graduate of the Rochester Mechanics' institute, of Rochester, N. Y. She is a young lady of high accomplishments, and is thoroughly beloved by all the little girls who have been under her instruction during the winter. There is grief in the class at present because the work for this year is about to end. It is to be resumed next winter on a larger scale than that upon which this year's work has been conducted, but today will see the last lesson in the present year's course.

From 3:30 until 5 o'clock the class will be with Miss Taylor at the church. Each member will have on hand some article that has been prepared at home without assistance, and the mothers and friends of the class and of the church are invited to be present and see the results of the year's work.

Endeavorers Rally For Good Government

An enthusiastic rally in the interests of Christian citizenship as applied to the coming municipal election was held in the First Presbyterian church at 8:30 last night. Notwithstanding the disagreeable condition of the streets and the threatening aspect of the weather, the main body of the church was well filled with people from all parts of the city.

Mr. Barber Presided.

The meeting was held under the auspices of the Central Christian Endeavor union of Colorado Springs, and Mr. T. P. Barber, the city president, presided. In opening the meeting Mr. Barber stated that it is customary to hold a Christian citizenship rally before every city election in Colorado Springs. Continuing he said:

"It is proper for Christians to stand for Christian citizenship. We are here tonight in the interests of Christian citizenship in its full meaning. We as Endeavorers are pledged to do what Christ would have us do. He would have us take an interest in the government of our city to the end of Christian citizenship."

Mr. Barber closed by urging those present to vote with their consciences.

Dr. C. B. Wilcox.

Rev. C. B. Wilcox, D. D., pastor of the First Methodist church, was the next speaker. He made an exceedingly strong and earnest talk along general lines as he has not been a resident of this city long enough to speak intelligently on local conditions. He said, in substance:

"Christianity should be practical. It was intended so to be. I think the Christian can be of more service in the store and in the every-day walks of life than in the monastery. Christ prayed, not that his disciples should be taken out of the world, but out of the evil of the world. We should carry our Christianity to the ballot box and into all the activities of life.

"I am opposed to the saloon. It is a bad institution in all its tendencies. We are fortunate in Colorado Springs in having no open saloons. They have been kept out so far, but we must be watchful. There is a disposition to make saloons out of the drug stores. The city as it is today is in every way better than if it had open saloons.

"As Christians we should exercise our ballot to secure what we consider the best municipal government. The curse of the country is bad municipal government. This has been pronounced as the inevitable result of universal suffrage and great men have predicted our downfall as a republic because of it. Incidents in our large cities during the past 25 years have indicated such a downfall. But I am a patriot and I believe in God. I believe that the evils of universal suffrage will be overcome by universal suffrage. Reforms always move slowly but they move. God moves. I believe the saloon is destined to take its place with the auction block and whipping post of more barbaric days. I believe in using the leaven of agitation. The school and the church are the greatest factors in reform. Our schools give intelligence and our churches teach morality. You need morality along with intelligence.

"Let us do our duty and cast our ballots conscientiously. It is a disgrace that so many esteem the high privilege so lightly that their votes may be bought with a glass of beer or a cigar. I do not come to you as a partisan but as a citizen and a Christian minister to urge you to discharge your obligation as Christians."

D. G. Delano.

Following Mr. Wilcox, Mr. D. G. Delano made a few remarks. He said:

"We should be true in politics as in religion. We are told to vote for 'the best man,' but I want to see what that man stands for. If Dr. Boyle were nominated by the rum and gambling element I should vote against him. A man ought to be true to his constituents and I vote against the elements and not the men. I shall do all I can to forward Christian citizenship in Colorado Springs. Let us vote for the men who represent the best element."

Dr. James B. Gregg.

Dr. James B. Gregg, pastor of the First Congregational church, was the next speaker. He said in substance:

"This is in no sense a meeting in the interest of any party or individual man. I come to speak for the best men of both parties. I am sorry that national issues must get into our municipal affairs. We should vote for the best men and not for national issues. We should vote for the men who combine character and ability. I wish to make three points:

"Every Christian man and woman should vote at every election: city, state, or national. As Christians we assume the responsibility of discharging our duties in the broadest sense.

"Every Christian man and woman should vote especially at every municipal election. The biggest vote ought to be polled at municipal elections. If we can exercise powerful influence anywhere we can at home. With Paul we he can say, 'We are citizens of no mean city.' Christ and the apostles were fond of their own cities. Colorado Springs is a city to be proud of. Its lines go out to the ends of the earth.

"In this, of all municipal elections, Christian men and women should vote because of its importance. We are changing from a city of the second class to a city of the first class and at the outset we should be careful into whose hands we place the trust of city government.

"As a city increases in population the difficulty of fighting the evil forces in it increases. We must fight against drunkenness and licentiousness. The latter is especially rampant in this city, I am sorry to say, and we must fight against it."

Dr. Gregg then outlined the powers given to the mayor of a city of the first class. Continuing he said:

"As the city grows, the power is centralized. Therefore it is more necessary to see that good men, men of character and ability, are put in charge of city affairs. Every Christian should be on hand next Tuesday to vote for the best men of both tickets and each should go to the polls after seeking divine guidance in the casting of his ballot. Vote for men of honesty, integrity and ability who will do their duty fearlessly as they see it."

It was a strong plea without any coloring of partisanship and it made a deep impression.

Dr. W. H. W. Boyle.

Dr. W. H. W. Boyle, pastor of the First Presbyterian church, was the last speaker. He said, in part:

"I am in the heartiest accord with what has been said already. I am glad that the meeting has not savored of partisanship. I believe that the common weal is the true end of the commonwealth and the common weal can be realized best by making good laws and enforcing them. We should elect good men to enforce good laws. This is as clean a city as there is in the country, but we must be watchful. Many invasions have already been made on our principles.

"Evil and untrue reports have been spread about our city. We are not 'wide open.' I am prepared to prove it. I know that there are some who have a peculiar wink and a certain walk as they enter the saloon entrance of the drug store that brings them the desired liquor, but I know that everybody can't get it. Only the few can get it.

"I believe it is the duty of every Christian to vote. We should lay aside party prefrences and elect the best men. We should vote conscientiously. I don't see how any man who is a Christian can vote for a law-breaker; for a man who has given his support to something that is wrong; for a man who can't, when called upon, measure up to the Christian standard. If the citizens of Colorado Springs shall mass for a Christian citizens' ticket we will stamp out national politics from our city elections. If the 22 million Christians of this country should mass together they could compel both parties to put a prohibition plank in their national platforms and thus sweep the liquor curse out of the land." (Applause.)

Mr. Barber in closing the meeting said, "Let us as Christian voters do our duty as God gives us grace to do it. It has been said that the church vote does not get out on a stormy day. If it is a stormy day let us prove this charge untrue."

The meeting was closed with the benediction by Rev. F. N. Calvin.

Notice.

Unless the unnecessary waste of water in sprinkling is discontinued water users will be restricted to (3) three hours each day for Sprinkling purposes. By order of the water committee.

THE LETTER VS. THE SPIRIT

Theme of Discourse at the College Vesper Service

BY VERY REV. DEAN HART

Large Attendance at the Service Notwithstanding Inclemency of the Weather Attractive Music a Feature.

"The letter killeth, but the spirit giveth life," was the text and theme of a logical discourse delivered by the Very Rev. Dean H. Martyn Hart of St. John's Cathedral, Denver, at the college vesper service in Perkins hall yesterday afternoon. The service was largely attended despite the disagreeable condition of the weather and streets.

In opening his sermon, Dean Hart defined the two words used in the Greek for the English word "letter," and noted their distinctive meetings. He then took up the text and asked "What did Paul mean when he said: 'The letter killeth, but the spirit giveth life?'"

"Paul said: 'As touching the law I am blameless,' and yet again he said 'Christ came into the world to save sinners, of whom I am chief.' These are seemingly contradictory statements, but Paul explains the seeming inconsistency when he says that when he read the tenth commandment, 'Thou shalt not covet,' the light dawned upon him. He realized then that this commandment dealt with the mind and he argued if this commandment deals with the mind why should not all the commandments deal with the mind, and he found they did. So, although he had not by action violated the law, he realized that in his mind he was the chief of sinners and he came down from the heights of his self-righteousness to the level of a sinful man. If you become discontented with what you have and begin to covet your neighbor's possessions you violate the tenth commandment. This commandment deals solely with the mind, it speaks of a condition of the mind.

"The first commandment also deals with the mind. Are your affections centered short of God. The second commandment says you must worship God in spirit and in truth. That means your mind must be right and you must be in the mood to worship God. 'Thou shalt not take the name of the Lord, thy God, in vain,' neither by your actions or by your words. If you are Christians you should act as Christians. Give one-seventh of your time to your spiritual cultivation—this is the lesson of the commandment to keep the Sabbath day holy."

Dean Hart then took up the other commandments, briefly interpreting each in the same way.

"When he understood the tenth commandment," said the dean, "Paul died. The law always slays. It convicts and slays. The spirit is the new life; it is the warm breadth of the preaching of the gospel. The spirit saves and gives life after the letter of the law kills. If the law is followed it will lead to life. Christ is the terminus of the law, just as Chicago is the terminus of the Rock Island road. Board a Rock Island train and stay on it long enough and you will reach Chicago. So take hold of the law and follow it and you will land at the feet of Christ. If any man shall confess with his mouth that the Lord is his God and shall believe in the Lord Jesus Christ he shall be saved."

This was the closing thought to an impressive discourse delivered with force and power.

The music was led by a large choir composed of the two glee clubs of the college and Mrs. Garrison sang a solo very sweetly.

The fact that tourists in purchasing photographs of Colorado Scenery are beginning to ask, when they can't find the name on them, "Are they Steven's views?" shows that Stevens' Views are the standard in points of artistic selection of subject, workmanlike finish and general excellence.

THE HILLSIDE CONGREGATIONAL

Another New Church Organized Yesterday

AT PROSPECT AND MORENO

Work Has Been Going On There For Several Years Rev. A. E. Fraser Is Pastor of the New Church.

Colorado Springs now has three Congregational churches.

The Hillside Congregational church, Rev. A. E. Fraser, pastor, located at the southeast corner of Moreno avenue and Prospect street, was organized yesterday. It is in the center of a rapidly growing field and undoubtedly has a future that will make of it one of the prominent churches in the city.

There were three services there yesterday. At the morning service the collection resulted in the raising of almost $300 to be used in furthering the work of the church. In the afternoon occurred the council, at which the real organization of the new church was effected. Those invited to be present and to participate in the ceremonies were the First and Second Congregational churches of Colorado Springs, the Manitou Congregational church, President Slocum of Colorado college, Sunday School Superintendent H. Sanderson of Denver, Rev. A. S. Bush of Denver and General Missionary Rev. Walter A. Veazie. The council voted to organize the new church and to hold the recognition services at 8 o'clock in the evening. Rev. Manly D. Ormes of the Second Congregational church was moderator of the council. Rev. A. E. Fraser was elected pastor of the church.

At the evening service Rev. Mr. Ormes gave the right hand of fellowship to the church and was followed by Superintendent Sanderson of Denver, superintendent of Sunday school work in Colorado for the Congregational church, who did the same, and Rev. A. S. Rush delivered the charge to the people. Rev. Dr. Gregg of the First church of Colorado Springs made a brief statement of the principles of Congregationalism. The members constituting the membership of the church were then received into membership, one on profession of faith and the remainder by letter. The service closed with the participation in the service of the holy communion.

Sunday school mission work has been carried on at the Hillside mission for the last seven years. The work has prospered steadily and continually and there is no doubt as to the successful future of the new church. It will draw its constituency from the 400 houses which are included in the district east of Shook's Run, and south of Pike's Peak avenue.

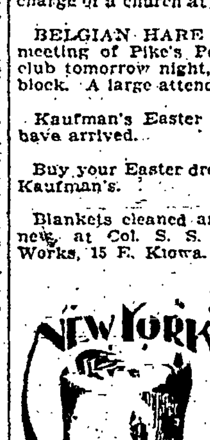

Rev. A. E. Fraser, the pastor, is a graduate of Yale seminary of two years ago. He was engaged for some time as assistant to Rev. Dr. Munger of New Haven and has more recently been in charge of a church at Lake Mills, Wis.

ENDEAVOR RALLY ENDED YESTERDAY

Good Attendance at the Meetings at Manitou.

NOW FOR STATE MEETING

Coming June Convention of All Colorado Endeavorers Arousing Great Interest Big Chorus to be Formed.

The fifth annual rally of the Central District Colorado Christian Endeavor union closed last night at the First Congregational church in Manitou. The rally has been a very successful one in many ways and has been largely attended despite the inclement weather of the past few days.

The rally opened Friday evening last at 7:30 with Rev. F. L. Hays persiding. The address of welcome was delivered by him and was responded to by Mr. T. P. Barber of this city. At this session W. B. Sweet, a member of the executive board of the state Sunday School society and a prominent Christian Endeavor worker of Colorado, delivered a fine address on "The Benefit of Conventions," and he was followed by Dr. Boyle and Rev. C. B. Wilcox, both of this city, who spoke at some length on different topics pertaining to the Christian work.

Saturday afternoon was Junior day, and the meeting, which was held from 2:30 until 3:30, was in charge of Miss Nellie M. Williams, the state Junior superintendent. Saturday evening the meeting was in charge of J. L. Clark and was a very interesting session. At this meeting H. R. Chapman, the state president, delivered an address on "A Legacy of Hope," and Rev. A. E. Fraser talked with "Now" as a subject. After this session a business meeting was called by the district president, Mr. H. J. Olmstead, at which time a number of important matters were discussed, among them the state convention which will be held in this city June 13 to 16 inclusive.

Yesterday afternoon the session took the form of a missionary rally and a number of interesting and forcible talks were made on the subject of missions, home and foreign. Mr. R. Wells spoke on "How to Maintain Interest in Missions," and Miss Anna Kennedy told how the Juniors may be interested in missions. O. D. Sherer discussed the subject "How to Interest the Seniors in Missions," after which a short song service was held. Miss Elizabeth Taylor spoke at some length on "Settlement Work," after which the closing exercises were held and the session adjourned to meet at 6:30.

In the evening the session was in charge of the district president, Mr. H. J. Olmstead, and was opened with a 15-minute song service. The consecration service was in charge of Mr. A. C. Bray, who took as his topic "Love of Souls." This service was one of the best of the whole rally and was a great benefit and help to the congregation. Persident W. F. Slocum of Colorado college spoke on "The Power of Leadership," and his address was listened to with great interest. President Slocum has the reputation of being a strong and forcible speaker and he lived up to his reputation at last night's meeting. His arguments carried conviction with them. President Slocum said that to do any work in this world one must be positive always. The world is on the lookout for such aggressiveness and expects it. All of the vices can be conquered but it takes strong, pure, earnest work. The work of the devil is positive and the only way in which he can be withstood is by making the work of the Christians vastly more positive in character. After President Slocum's talk he pronounced the benediction and thus closed the rally.

Kaufman's Easter showing is mammoth.

BUSINESS LOCALS.

Dentist; El Paso block. 'Phone 651-A.

Do you want a Fountain Pen?

There is nothing so handy or convenient for a business man or student as a good fountain pen, as they are always ready for use and are so easy to write with if kept well filled. In our stock you will find the following reliable makes, priced from $1.25 to $6: Crown, Waterman, Parker, Aiken & Lamber and Pantagraph; and we are sure you will be pleased with either of them if you will give them a trial. Step in any time and let us show you these pens whether you wish to purchase or not.

M. F. WARREN,

Mfg. Jeweler and Graduate Optician

9 N. Tejon Street.

Nowhere can you see a greater collection of high-art headwear. Nowhere as great values in popular priced hats. Prices range from $1.50 to $40 each.

Costumes

The only really high-art collection in town, embracing designs of the most famous French and New York artists. These are priced from $47 to $175 each.

Tailored Suits

Extraordinary values in these running from the popular priced garments to high art in tailoring. All garments first class in materials and workmanship whether the price be $7.50 or $100 each.

Wraps

Anything that you want in this line if you want stylish garments: Raglans, Automobile coats, box coats, jackets and capes. Enormous stock ranging in price from $6.50 to $32.50.

TIMELY OFFERINGS FOR EASTER WEEK

Mention of some of the many lines we offer this season showing the wide range of prices in each. We suggest that you look here before making final choice. You'll not be disappointed as to variety, and the values speak for themselves.

Kid Gloves

The correct thing in Kid Gloves always. Street, dress and party gloves. Good gloves, all of them, at $1.00 to $2.25 per pair.

Waists

Exclusive things for afternoon or evening wear. The kind you don't see in other stores. It's only a question of what you want to pay. Values are always satisfactory in all prices from $5.00 to $27.50 each.

Shirt Waists

Over 50 different styles to choose from. The kind of waists that fit. Waists made of the most desirable fabrics, in prices ranging from 48c to $6.00 each.

Footwear

Our well-known brands of ladies' footwear are now fully represented in stock. Full line of Oxfords and slippers. The lines we carry cannot be excelled. We call particular attention to our spring stock of Queen Quality at $3 a pair; Oxfords $2.50.

Hosiery

More fancy hosiery than all other stores in town. The plain kinds, too, in absolutely the best values.

Neckwear

Jabots, stocks, collarettes, boas and fronts. Chiffon novelties, embroidered collars, etc. You can choose from neckwear ranging in price from 35c to $10.00.

Easter Cards

In great variety, in addition to numerous Easter novelties not to be seen elsewhere in town. Look them over. Prices range from 10c to 35c each.

Easter Dolls

Daintiest, prettiest dressed dolls we have ever shown. These will interest the little folks. Bring them in. Prices are from $2.00 to $5.00 each.

Imported Shirting

100 styles of fine imported Madras Shirtings for shirt waists. In one pattern lengths and only one of a kind for $1.50 a pattern.

Corsets

Our new line of summer corsets is now being introduced at 48c a pair.

DRESS GOODS, SILKS and TRIMMINGS

Fine French Patterns. 100 Styles in Foulards. All the New Wool Fabrics.

NO TROUBLE FOR MISSOURI

Report of Threatening Litigation Published in a Denver Paper is Absolutely Untrue---Property is Showing up Well.

In Saturday's Republican there appeared an article which gave the impression that there was litigation ahead, between Tutt and Penrose, the owners of the Annie, and the Missouri company who have leased their Moonlight claim to parties who are working through the Goodwill tunnel.

From careful investigation the Gazette has ascertained this to be a mischievous lie, and one calculated to cause serious loss to stockholders in the Missouri company, who might thereby be induced to throw their shares upon the market, and it looks as if it had been published either in the interest of some bear clique who want to get hold of Missouri stock cheap, or else by the eagerness of the reporter to distinguish himself by making big "scareheads" regardless of truth, or the loss he may occasion to hundreds of people. Mr. W. Weston, manager of the Goodwill tunnel, and who is also interested in the lease, says the author of the article is one Tommy Kerr, who asked him when in Denver on Friday for information as to how Missouri was doing. Mr. Weston says the story is an impudent fabrication and has no foundation in fact, and he is surprised that the Republican management should permit the publication of such articles without better evidence as to their truth.

Mr. Luckraft (of Luckraft & Countryman, civil engineers of Cripple Creek), surveyed the Annie claim in the Goodwill tunnel for Messrs. Tutt and Penrose quite lately and he says that it is all nonsense and that the Annie vein is a long way west of the Missouri vein and there is no possibility of any conflict. Those who know Mr. Luckraft's reliability as a mining engineer and surveyor will see that the above evidence is conclusive.

Messrs. Tutt and Penrose are away but it is quite certain they never authorized the publication of any such rubbish, although their names are used to give color to the article.

The Missouri stockholders have got a fine property and the lease is doing well, and they should be very careful how they part with their shares by reason of any such trumped-up balderdash.

MARKET LETTERS.

BONBRIGHT & CO.'S MARKET LETTER

March 29, 1901.

The market has continued exceedingly dull, and with very few exceptions prices have steadily declined. Portland has again reached the three dollar mark, and Isabella hovers around seventy. Butterfly-Terrible, Elkton and El Paso have been steady and Golden Fleece gained twelve cents on the report of a satisfactory showing in the main vein just cut by the Big Tunnel. There was a decided improvement in the tone of the market at today's close, but many stocks are still without quotations and the lists show net losses for the week, practically without exception.

Isabella's encouraging quarterly report; Moon Anchor's greatly improved showing in the 800-foot level; National's severe slump as the result of the disclosure of a considerable indebtedness; and the splendid results of development in the lowest levels of the Vindicator and Gold Coin, were among the important features of a more than usually interesting week at the mines and on the market.

The report sent out with Isabella dividend checks on Saturday is in all respects the most satisfactory that has emanated from that company's office for a long time past. It is to be inferred that the management intends to continue the issuance of reports at quarterly periods, and as long as it is done in the full and straightforward manner which characterizes the present document there will be no cause for complaint or criticism on this score.

At a depth of between 800 and 900 feet good ore is again being found in the Moon-Anchor property and in what is believed to be the main vein. This find, which is in line with the results of development at depth in various properties on Gold hill during the past few months, promise to be of great importance, affecting as it does one of the old and widely known companies, whose unfortunate experiences for the past two years have furnished the pessimist with a theme and illustration.

The announcement that a brokerage house of Colorado Springs has taken care of a ten thousand dollar obligation of the National company, and that there was an additional indebtedness of five thousand dollars, caused a sharp decline in the stock. Reassuring statements have been made by officers of the company to the effect that the indebtedness has not been increased since the new management took possession last summer, and that the property is looking better than at any previous time, having for some time past been yielding a profit.

The results of deep mining in the Vindicator and Gold Coin properties are highly satisfactory. In each the 1,000-foot level has been reached; in the Vindicator the veins are found at that depth bigger and richer than ever before; and although the Gold Coin vein has been only cut at the new level, it is found in place and possessing the same characteristics that have made it one of the wonders of Cripple Creek. The Vindicator produced about $75,000 gross in February, at a net profit of $48,000.

A general survey of the Cripple Creek district reveals an exceedingly prosperous condition, with a constantly brightening outlook. The promise is that production will increase month by month and that last year's total will be materially exceeded. The prospects of a considerable extension of the producing area, particularly in a northerly direction, are most excellent.

EDSALL, KEY & CO.'S MARKET LETTER

Colorado Springs, March 30, 1901.

Taken as a whole the week has been one of comparative depression with declining prices and light trading. A slight reaction was noticed on Friday's call at which time a slight advance was perceptible. We hardly think that this state of affairs will continue to exist for any lengthened period, hence we would advise investors to place their orders to buy. In mining stocks, as in all other lines of business, history repeats itself and after a depression comes a rise. Owing to the favorable conditions in camp where work is being pushed with rapidity, we think that Cripple Creek securities will not long be kept in the bottom notch of prices, but will naturally advance over the present market. There has been some uncertainty during the past month as to what stocks would be dealt in on our exchange after the first of April and in all probability this has been one of the causes instrumental in lowering prices. It is not the desire of the exchange to work a hardship on any company and as several of the stocks that have heretofore been in the pit call have not yet been able to prepare their papers and titles in such shape as to submit them to the investigation of the listing committee and the attorneys who inspect the titles, it is announced by the secretary of the exchange that where a disposition is shown to comply with requirements a reasonable time will be allowed for all such companies to complete their papers. Ad interim, their stocks will be called as formerly. All companies not showing this disposition, however, will not have their stocks dealt in on our exchange after today.

DELANY & DELANY'S MARKET LETTER

March 30, 1901.

Human nature is the same the world over; you may do some persons ninety-nine favors and if you fail in the hundredth one, you often make them your bitterest enemies. So it is with the stock market; a prolonged active one is soon forgotten in the short lapse of a dull one.

Patience is indeed a virtue, and unless you acquire it, your chances of substantial gain in this world will be doubtful. Persistent, intelligent work will bear fruit, but let it be done in season, lest Jack Frost nip the blossoms before the fruit ripens.

You see some men eagerly devouring the contents of business letters long, after the time of their office hours, or indulging in an extended colloquy on stocks to any one who will listen to their prattle.

Jay Gould is credited with saying, "I cannot afford to talk stocks much for I sometimes have to think." To pose as one of superior worth is not a mark of it by any means, but we do say the man who lays aside the affairs of "shop" after the day's work is over, receives a larger remuneration for his labor than the ceaseless toiler.

This is not talking stocks, however, but we trust there may be food for reflection in these few lines.

As for the market, it depends a great deal whether your safety box is full of stocks or your bank account is overflowing with cash resultant from the sale of stocks during a bull market. In the former case a good healthy rise is most desired, while in the latter a decline might be very acceptable. We look for lower values in the majority of cheaper stocks, but not for any material change for the worse in most of the higher class ones.

The engineer misunderstood the signals and there was a frightful railroad collision, with terrible loss of life. The whole country was appalled by that accident.

There is doubtless a far greater loss of life occurring every day, in various sections of the country, for which the only excuse is, "the doctor didn't understand the symptoms." These cases are not the subjects of special inquest or the country would be aghast at the sacrifice of life to ignorance.

It has been the experience of Dr. R. V. Pierce and his staff of assistant physicians, that ninety-eight out of every hundred persons submitting to their treatment can be cured. People given up by the local physicians, weak, emaciated, with stubborn coughs and bleeding lungs have been absolutely cured by the use of Dr. Pierce's Golden Medical Discovery.

Sick people are invited to consult Dr. Pierce by letter free. All letters are held as strictly private and treated as sacredly confidential. Answers are mailed in plain envelopes without any printing on them.

"Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better; I took five bottles of it and have not yet had any return of the trouble."

STATE MINING NEWS.

GILPIN COUNTY.

The third week's shipments of smelting ore, concentrates, and crude ore for concentration, from Black Hawk was 76 cars, or a total of 502 cars up to and including March 21, a total tonnage of 3,758 tons. The supply of company and custom stamp mill ore so far this month treated at Black Hawk has been just as large as it was during February, 1901. The Gilpin Tramway company is enjoying a good ore traffic at the present time.

Joseph Merritt, Robert Wilkerson and M. K. Sullivan, this city, some months ago took a lease and option on the Dump lode, north of the Gregory, on Gregory mountain. They are taking out stamp mill ore which is yielding at the stamp mill from 2½ to 3 ounces gold per cord, the stamp mill concentrates netting $13 per ton. The smelting ore contains 2.84 ounces gold, 16.32 ounces silver and 8 per cent. copper per ton. The property belongs to ex-Police Judge Louis P. Arrighi.

The recent strike of ore in the East Whatley mine still holds out. The manager is driving the 400-foot east level in under this same shoot of ore. Contractors are also driving the 320-foot west level with the same object in view.

The shoot of ore is continuous for a long distance. An upraise is being made to the 200-foot West level to connect with a shaft for the purpose of securing an air circuit, which will afford ample ventilation for attaining greater depth in the main shaft and deeper development of the property. The manager is shipping ore to the Rocky Mountain stamp mill in Black Hawk, as also to the Renshaw mill at Idaho Springs for treatment, the output being about 50 tons per day. At the former mill the ore yields $80 per cord by plate amalgamation, the ore turning out the rate of one ton of mill concentrates or tailings to three tons of crude ore treated under stamps. These bring $45 per ton at the sampling works who purchase them for the Denver smelters. Taking the gold received the mill plate amalgamation at the stamp mill and the amount per ton received for the [illegible] and also the ore averages a trifle over $25 per ton.

The smelting ore is being assorted by the company and piled up, and will be shipped direct to the smelters in carload quantities. The mine is improving with every foot of development work. When the levels now being continued to reach the ore shoot at greater depth are completed, Mr. McMasters, the manager, will be enabled to largely increase the output of the mine.

A fair quality of low grade crude ore is being taken out of the Colorado lode, on Quartz hill, by local parties. It belongs to Ed Freeman, a brother of the discoverer the late Thomas Seeman. It is situated on the east slope of Quartz hill, just above the main line of the Gilpin Tramway company.

Supt. Thomas Dunstone has resumed sinking at the main shaft of the Running lode, in Black Hawk, which will be prosecuted with day and night shifts of miners. A lift of 100 feet will be sunk, which will give the shaft a depth of 600 feet. The Gowers syndicate, an English corporation, are the owners of the property, which has been placed on a paying basis under the management of Mr. Dunstone.

Dr. Abe Ashbaugh's tunnel, or adit, on the Lombard mine is now in over 1,000 feet from the entrance on the vein, in the breast of which there is a wide, well-defined crevice, 15 inches of which is clean smelting ore of a good grade, with four and one-half feet of stamp mill ore alongside the smelting ore. Samples were brought in last Friday which gave good values in gold, besides silver, lead and copper. (Gilpin Observer.

CLEAR CREEK COUNTY.

The old Treasure Vault group, a short distance up Virginia canon, on Seaton mountain, is coming to the front very rapidly under the able management of Sayer & Davis, who have a lease and bond on the property. They have been extending the crosscut tunnel to cut the vein and have lately encountered it at a good depth. A millrun at the Anderson mill, taken from the edge of the vein and composed of rock that appeared barren of values, gave very satisfactory returns. They are now 140 feet from the large and very rich pocket which was encountered in the shaft several years since and on which work was stopped by a large inflow of water. The beauty about the Treasure Vault ore is that it is a high grade gold proposition and has thus far been entirely free milling so far. Some tellurium has been encountered already and if that character of ore comes in in any great quantity it will evolve into a purely smelting proposition with all likelihood of greatly increased gold values.

At the Fraction mine the east level has now reached under the Pearce shaft, and ore worth $312 per ton is being extracted. The whole mine is looking splendidly. Five stamps of the Mixsell mill are steadily employed upon this high grade dirt. The Harrisburg, also worked by the Occidental people, is steadily improving in the quality of ore. The level being run east shows several inches of good stuff, while an ore running 50 per cent lead has come in in a vein off to the north from the main working level.—(Mining Gazette.

TURRET DISTRICT.

The last list of values in the Vivandiere by Mr. Morely was over seven ounces in gold. There is no longer any doubt about the size of the veins or richness of the ore in the Turret mining district. Capitalists will not find it an easy thing to get developed property away from the people who have so faithfully stuck to the camp. Capital can easily find prospects that only need developing, for pay ore can now be found on hundreds of dumps in the district. Mr. W. J. Peet of Kansas City, one of the firm of the manufacturers of the Peet Brothers' soap, about the largest factory in the United States—has just returned from a two days' trip through the district. He must have been favorably impressed, for he now has large interests in mining property in the Turret district.—(Salida Mail.

LEADVILLE.

The Leo mine in Upper California gulch is scheduled to resume operations in the near future, the property, embracing seventeen patented acres, is well located and is given an excellent reputation by miners who worked there when closed during the memorable 1893. The venerable Joseph Watson, who has had wide and varied experience in Colorado, worked it last. At times his hopes rose high and again he was very pessimistic. In one of his latter moods he shut down the work, and the property has been since closed. Mr. W. S. Copeland, the Georgetown, Colo., banker, is its owner. He is also the ruling spirit in the new Cloud City undertaking. The shaft will be lowered from its present bottom 600 feet, an additional lift of 200 feet. That the large iron sulphide shoots from its thrifty neighbor, the Moyer shaft, or the Iron-Silver, as well as the copper iron sulphide deposits from the Mike and Starr traverse this territory is believed by Mr. Copeland. At any rate he is willing to test his theory with his pocketbook, as he is also doing with the interesting Cloud City proposition. With needed capital and modern management success for the Leo group is assured.—(Herald-Democrat.

Superintendent W. E. Morrow of the Yak Mining, Milling and Tunnel company, in cutting ahead with the big drainage and transportation tunnel, has reached the Golden Eagle company's territory. The face of the tunnel is in 9,300 feet from daylight and is being driven by one shift, while in the company's stopes the work of active extraction and shipment of ores goes on, and with very little handling is loaded into Denver & Rio Grande standard gauge cars at the mouth of the tunnel. One thousand tons of the company's product, carrying a high percentage of sulphur, are sold to the Southwest Chemical company, of Argentine, Kan. This adds to Leadville's varied mineral resources, and the ore is susceptible of a fair profit, and in mining the same needed development for smelting ore is done. One thousand tons of clean sulphides, carrying good values in gold, silver and iron, are also shipped to the smelters. Connection with the White Cap workings will soon be made, affording an economical way for ore extraction from that property.—(Herald-Democrat.

WINFIELD DISTRICT.

An important body of ore was cut in the Tasmania mine last Friday. In the main crosscut of the No. 3 tunnel workings a new body of ore was encountered which has been cut into for six feet with no indications of nearing the hanging wall. The whole six feet is of a smelting grade, no sorting being required. In the north drift they have five feet of ore with very little sorting. In about 350 feet from the breast in the north drift a vein will be cut which is probably the mother vein of this mountain. It is seventy-five feet from wall to wall and was discovered only last fall by Mr. Wallace for the Tasmania company. In doing little more than the assessment work, they opened up an eighteen-inch streak of galena ore, which assays 32 per cent lead and ran fifteen ounces silver. The same company now owns the Barcamenta with a seven-foot body of copper sulphides, also of a smelting grade.

The smelter will be increased another 100 tons capacity during the summer, as the ore now in sight is more than their forty-tons capacity smelter can handle. As the company intend doing a custom business they will have to enlarge to keep up with the supply of ore.

The Hesperus, owned by Mr. William Wallace, is rapidly coming to the front, and if half the new enterprises now talked of go into operation the smelter will still have to be enlarged unless other companies erect smelters.

There are a number of veins in this camp which show equally as good surface indications as the Tasmania vein did and some of them are much larger.—(Leadville Miner.

THE SAFEST PLACE

in this life is on earth, and it is equally true that the safest investments are in Colorado Springs real estate.

Houses and Lots do not take wings unto themselves like many other investments.

With the appearance of this advertisement we will have ready an entirely new addition to Colorado Springs, which we will offer you as an investment.

Colorado Springs is not an aggregation of houses waiting for people to occupy them; it is an aggregation of people waiting for houses. It is not a boom town, but a certain rise in real estate values is inevitable.

We offer you your choice of 60 large lots located on East Dale Street, between Institute and Prospect Streets, that for cheapness and beautiful location have no equal.

The best view of the city; the best view of the mountains; an hour and a half more sunshine each day; 20 miles less wind an hour; less dust and less smoke.

The new car line will pass your home in 5 minutes from the Post Office. City water on the ground now.

Think it over, and if you can see the point, come and see me, or any real estate dealer.

Your credit is good.

JOHN I. FRANKLIN, Room 8, DeGraff Block

THE WEEK IN THE LODGES.

The past week has seen some interesting lodge sessions. The Elks elected officers, the D. O. K. K. arranged for a ceremonial session, Myrtle lodge, K. P., gave a "stag" social and other lodges held well-attended meetings.

KHORASSAN

The Dramatic Order Knights of Khorassan held a meeting on Friday night to discuss the advisability of holding a ceremonial session in the near future. It was decided to hold it on April 10 in this city. There are a number of novices who are to be led across the burning sands of the desert and an interesting session is promised. Knights from all over Colorado will be present.

MASONS

On Friday night El Paso lodge No. 13 had a special communication and conferred the third degree on two candidates.

Colorado Springs Chapter No. 6, R. A. M., had a big time on Tuesday night when the pastmaster's degree was conferred on five candidates.

Ramona chapter of the Eastern Star had an attendance of about 75 on Monday and held a rousing session. Six candidates were initiated.

Tomorrow night Zabud council would ordinarily meet, but the meeting will probably be postponed on account of the city election.

On Wednesday Tejon lodge No. 104, holds its stated communication.

On Thursday Pike's Peak commandery meets in stated conclave.

I. O. O. F.

On Thursday night Pike's Peak lodge No. 38, I. O. O. F., initiated two candidates into the mysteries of the third degree.

Next Thursday night will be a big occasion. H. C. McCreery, the grand master, will be down from Denver and a banquet will be given in honor of him. There are two candidates to be initiated and a big turnout is expected.

K. AND L. OF S.

The Knights and Ladies of Security meet in regular session this evening. All members are asked to be present on account of important business.

JR. O. U. A. M.

The Junior Order United American Mechanics held a good meeting on Wednesday night. There was a large attendance. The special feature of the session was the installation of W. L. Spencer as conductor to take the place of T. J. Brown, who resigned. One member was admitted by card.

Everything is in readiness for the meeting of the state council which occurs in Victor in May. It promises to be one of the best Junior gatherings ever held in the state.

A. O. U. W.

Badito lode, No. 24, A. O. U. W. meets on Monday evening at 7:30. Our last meeting was a grand success, all of the brethren manifested a genuine interest. The turnout was good and all took an active part. The meeting adjourned at 10:30 after passing two pleasant hours long to be remembered. The amendment passed by unanimous vote. We look forward to our next meeting as all want to aid our representative to the grand lodge which meets at Central City the second week in April. Brother R. B. Taylor and Vincent King will represent Badito lodge. All strangers in the city who are in good standing are cordially invited to meet with us.

REDMEN

Cheyenne Tribe No. 41 of the Improved Order of Redmen held its regular monthly dance on Thursday night in Woodmen hall. Despite the heavy snow fall and extreme inclemency of the weather there was a good turnout and a very enjoyable evening was spent.

DEGREE OF POCAHONTAS

Weetamoo Council No. 27 of the Degree of Pocahontas held its regular weekly meeting on Monday night. There was a large attendance of members and much interest was manifested. No business out of the ordinary came up, and after the routine was over, the council held one of its delightful social sessions for members only. Refreshments were served and dancing was indulged in.

ELKS

The Elks are about to begin another year under a new regime. The annual election of officers took place last Tuesday night and the officers elected will be installed tomorrow night with all the ceremonies attendant upon that event.

There were many candidates for the positions of honor among the Best People On Earth and the election was almost as exciting as a city election. The number of candidates made balloting slow, but when it was over the victorious and the conquered alike joined in pledging renewed fealty to the order. The following are the new officers:

Exalted Ruler—Arthur Cornforth.
Esteemed Leading Knight—D. S. Gilmore.
Esteemed Loyal Knight—Chas. Chandler.
Esteemed Lecturing Knight—Charles Shurb.
Secretary—C. C. Harrison.
Treasurer—A. M. Goetchius.
Tiler—James P. Davis.
Trustee—T. A. Hazlitt.

Preparations for the social session to be given in honor of the ladies are progressing nicely. The event comes off on the night of April 11 and it will be an occasion long to be remembered if the expectations of the committee are realized.

The minstrel chorus is still rehearsing twice a week and is fast rounding into shape. The chorus voices blend nicely and the training of M. O. Barnes, the leader, is bringing out the true interpretation of the music. The opening overture is to be an exceedingly melodious and pretty chorus and catchy medley.

REBEKAHS

Monte Rosa lodge No. 4, Daughters of Rebekah, gave a very successful entertainment in Odd Fellows hall on Friday night. A musical and literary programme was presented and a drama followed this feature. Dancing, refreshments, etc. brought the evening to a pleasant close. A neat sum of money was raised for the purpose of buying degree robes.

LADIES OF THE G. A. R.

Kit Carson Circle of the Ladies of the G. A. R. is planning an entertainment for the Colorado Springs members of the 24th regiment upon their return from the Philippines. The Sons of Veterans will assist in receiving the soldier boys and a gala occasion will be the result.

K. OF P.

Myrtle lodge, No. 34, K. of P., had a successful "stag social" at Castle hall on Wednesday night of last week. There was a good attendance and a jolly informal time was spent. The lodge is progressing nicely.

Syracuse lodge, No. 111, is going steadily ahead and doing good work. The membership is already very large and is being added to every week. At the meeting on Thursday night there was work in the degrees. There was a good attendance and a very satisfactory session.

ROYAL ARCANUM

At the last meeting of Eldorado council No. 1114 it was decided to give a musical and literary social in the Odd Fellows hall on the evening of April 12 next. A committee was appointed to arrange a programme and take charge of affairs on that occasion. It has been decided to send invitations to all members of the council and their friends and in order to do this the committee requests the brethren to send in the names of those whom they desire to receive invitations. It will be strictly an invitation affair and those who are requested to be present will miss a most enjoyable evening if they do not avail themselves of the opportunity. A very pleasing programme has been arranged which will be published in these columns next Sunday morning, and in addition to this there will be refreshments and an informal dance for all who desire to participate at the conclusion of the entertainment.

YEOMEN

Columbine Homestead No. 141, Brotherhood of American Yeomen, held its regular session last Friday night. Five new candidates were initiated in the mystery of Yeomanry and a number of new applications was acted on. Our correspondent read a communication from the Castle in which we are notified of being the banner homestead of the order, having a membership of over 300, that being the biggest membership of any one out of the 700 homestead organized up to date. Next Friday being our regular social evening, Lady Rowena promised us a good time in the shape of a taffy-pull to which all Yeomen are cordially invited.

MODERN WOODMEN

Camp 7226 meets every Wednesday evening at Woodman hall. Important meeting this coming Wednesday.

State Deputy E. M. Towsley visited the camp last Wednesday and, as usual, gave an interesting talk on Woodcraft. Four candidates went through the mysteries and six applicants were accepted at last meeting.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once I forgot I ever had anything like piles."—E. C. Boice, Somers Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. Hedley Arcularius Drug Co., C. E. Smith, 117 South Tejon street.

ELECTION NOTICE.

An election by the qualified electors residing within the corporate limits of the city of Colorado Springs, Colorado, is hereby called to be held in said city on Tuesday, the second day of April, A. D. 1901, between the hours of 7:00 o'clock a. m. and 7:00 o'clock p. m. of said day, for the election of the following named officers:

One City Mayor.
One City Treasurer.
One City Auditor.
One City Clerk.
One City Attorney.
One City Engineer.
One Alderman from the First Ward.
One Alderman from the Second Ward.
One Alderman from the Third Ward.
One Alderman from the Fourth Ward.
One Alderman from the Fifth Ward.

And there shall also be submitted to the electors of said city, who are taxpayers, for their approval or disapproval, the following ordinances, viz.:

An ordinance entitled an ordinance to submit to the vote of qualified electors of the city of Colorado Springs, who shall have paid taxes upon property assessed to them in the year 1900, the question whether the City Council shall issue bonds of such city for the purpose of refunding ten thousand dollars ($10,000) Bridge and Viaduct Bonds heretofore issued, the payment of which is now optional.

An ordinance entitled an ordinance to submit to the vote of qualified electors of the city of Colorado Springs, who shall have paid taxes upon property assessed to them in the year 1900, the question whether the City Council shall issue bonds of such city for the purpose of refunding twenty-eight thousand Dollars ($28,000) Sewer Bonds heretofore issued, the payment of which is now optional.

An ordinance entitled an ordinance to submit to the vote of qualified electors of the city of Colorado Springs, who shall have paid taxes upon property assessed to them in the year 1900, the question whether the City Council shall issue bonds of such city for the purpose of refunding twenty-five thousand dollars ($25,000) Sewer Extension Bonds heretofore issue, the payment of which is now optional.

An ordinance entitled an ordinance to submit to a vote of the qualified electors of the city of Colorado Springs who shall have paid taxes upon property assessed to them in the year 1900, the question whether the City Council shall contract indebtedness on behalf of the city by issuing the bonds of the city for the purpose of erecting a public building to be known as the City Hall building.

An ordinance submitting to the electors within the city of Colorado Springs who are taxpayers, at the general city election to be held in said city Tuesday, April 2, A. D. 1901, an ordinance entitled "An ordinance granting right of way over, along and across certain streets, alleys and public places in and belonging to the city of Colorado Springs to W. S. Stratton, his heirs, legal representatives and assigns, and authorizing the construction and operation of a railway thereon," passed and approved March 6, A. D. 1901, for their approval or disapproval.

I. S. HARRIS, City Clerk.

THE COLORADO-McKITTRICK OIL AND FUEL COMPANY

Capital Stock 500,000 Shares.
In Treasury, 250,000 Shares.

Before investing in Oil stocks, investigate these points:

1st. Are the lands of the company actually in a WELL-KNOWN AND PROVEN OIL DISTRICT?

2d. Does the Company actually own its lands, or are they leased on a royalty basis for a term of years only?

3d. Is the Company organized solely for the purpose of DEVELOPING ITS LANDS AND THE PRODUCTION OF OIL, or is it a scheme to float worthless stock?

4th. Is the stock of the Company fully paid and non-assessable?

6th. Are the lands NEAR A RAILROAD and the transportation facilities favorable for marketing its oil, or must it be drawn by team fifty or sixty miles across a desert to the nearest market?

The Colorado-McKittrick Oil and Fuel Company courts investigation on all these points.

What is known as the McKittrick Oil District is now conceded to be one of the greatest oil-producing sections in the state of California, having the largest wells, including those of the famous Kern River Oil company which lie a short distance east of our land, while to the north are the flowing wells of the Climax and Common Sense Oil companies, and to the south the Midway and Sunset district.

Our lands are, therefore, situated in the heart of the most completely defined oil belt in the state.

The company owns its land, consisting of 160 acres, and thus will have no royalties to pay, and will have room for a large number of wells.

The stock is fully paid and non-assessable.

The land is situated in the McKittrick district, Kern county, California, and the McKittrick branch of the Southern Pacific railroad is now completed to within 3½ miles of our land, and within a few months will be built very near to the property thus making it possible to market the product with the least possible expense.

No pains or expense have been spared in verifying the reports as to the value of this land. C. H. Congdon, a reliable expert of Kern county, among other things says of this tract: "I consider this one of the best tracts of undeveloped oil lands in the state, and I have no hesitancy in stating that it has equal if not better indications for the successful developing of oil than any other tract of land in Kern county."

This Company is capitalized at 500,000 shares, one half of which is in the treasury. **100,000 Shares of this Treasury Stock are offered at 10 Cents per Share** for the sole purpose of developing OIL on the Company's property.

For further particulars, call on or address

THE HAWKINS-ACTON INVESTMENT CO.
54 DE GRAFF BUILDING
P. O. Box 788. COLORADO SPRINGS, COLO.

Burlington Route

Just like a Search Light.

The electric headlight, with which all our passenger engines are now being equipped, sends forth a stream of light that can be seen for miles.

It is just like a search-light cuts through the darkness like a knife makes traveling at 60 miles an hour safer than at 40 miles an hour with the old-style oil headlights.

Both the Chicago Special leaving at 4.00 p. m. and the Vestibuled Flyer leaving at 11:00 p. m. are hauled by engines with electric-lighted headlights.

Tickets at Offices of Connecting Lines.

Ticket Office, - - - 1039 Seventeenth Street

A meeting of the stockholders of The Requa-Savage Gold Mining company will be held at 7 30 o'clock p. m, on Tuesday, April 9, 1901 at the office of the secretary, room 28 Midland block, city of Colorado Springs, Colo, for the purpose of electing a board of directors and the transaction of such other business as may properly come before a stockholders meeting
The transfer books of the company will be closed at 12 o'clock, noon, on Saturday, April 6, 1901, and re-opened the day following the final adjournment of the meeting
By order of the board of directors.
R. B. Taylor, Secretary. Frank Finegan, President.

LEGAL NOTICES

Notice For Proposals
Sealed proposals for the furnishing of all materials supplies, labor and expense necessary for grading, curbing macadamizing and parking in the Cascade Avenue Improvement District of the City of Colorado Springs, as ordered by the City Council of the City of Colorado Springs in an ordinance passed on the 25th day of March A. D 1901 in accordance with plans and specifications adopted and prescribed by the City Council of the City of Colorado Springs the said Cascade Avenue Improvement District covering that portion of North Cascade Avenue in the City of Colorado Springs extending from the northerly line of San Rafael Street to the southerly line of Del Norte street in said city will be received at the office of the City Clerk in the City Hall in the City of Colorado Springs aforesaid, until 3 o'clock p m, on the 22d day of April, A D 1901.
To insure good faith on the part of the bidder a certified check in the sum of One Thousand Dollars ($1,000) must accompany each bid, payable to the City Treasurer of the City of Colorado Springs and to be forfeited to the City of Colorado Springs as liquidated damages in case the bid shall be accepted and the bidder shall fail for ten days after notice of such acceptance given personally or by mail to his address to enter into the contract awarded to him
A printed copy of said ordinance advertisement and notice to bidders may be examined at the office of city clerk, and a statement of the work specifications, blank forms for proposals, contract and bond may be examined at the office of the city engineer of said city on and after April 8th, 1901 and until three o clock p m on the 22nd day of April A D 1901
Upon the opening of bids the City Council will proceed without unnecessary delay to canvass the same and award the contract to the best responsible bidder. The successful bidder will be required to furnish a bond of Ten Thousand Dollars ($10 000) to be approved by the City Council.
The right is hereby reserved to reject any, and all bids and to advertise for other bids or otherwise as the City Council may deem best
By order of the City Council
I S Harris,
City Clerk of the City of Colorado Springs

WEATHER PROGNOSTICATIONS.

Washington, March 31.—Forecast for Colorado: Generally fair Monday; warmer in eastern portions; winds becoming southerly; Tuesday probably fair.

See Ashby's Belt window!!

April Fool candy at Mueth's.

Trunks repaired. Wise, 14 Pike's Peak.

Piano moving a specialty. The Colorado Springs Transfer Co., 12 Pike's Peak.

APRIL FOOLS' DAY—Today is the first day of April. Look out for the small boy.

COUNCIL MEETING The regular meeting of the city council occurs tonight. There is nothing of importance to come up besides the monthly bills.

PHILHARMONICS The Philharmonic society holds its regular weekly rehearsal at Perkins hall tonight at 8 o'clock.

SHOPS OPEN EARLY—Beginning today all union barber shops in the city will open at 7 o'clock in the morning instead of 8.

ANNUAL MEETING The annual meeting of the First Presbyterian church occurs on Wednesday night. Reports from departments and the election of elders will come up. A social reunion will follow the business meeting.

DIED Miss Cordie Dell Berry, daughter of J. H. Berry, died at her home on East Boulder street, last evening at 6 o'clock of scarlet fever. The funeral will take place from the residence this morning at 10 o'clock and will be strictly private.

DID NOT MATERIALIZE—At 7 o'clock last night the snow was falling heavily and it was the general belief that the city was in for a fall of snow as great as that of a year ago. It did not last long, however, and the indications are for fair and warmer weather today.

CARPENTERS' STRIKE—There were no developments yesterday in the situation with regard to the carpenters and their demand for an increase in wages. There is apparently no alternative by which a strike can be averted and the probability is that 250 carpenters will be walking the streets today.

ATTRACTIVE BOOKLET—The Denver and Rio Grande railway is distributing a very pretty booklet descriptive of the Pan-American exposition, in Buffalo, May 1 to Nov. 1. The booklet gives a complete description of the buildings of the exposition and is bound in a very attractive manner.

HAWKINS' FUNERAL All Masons are requested to meet at 12:30 this afternoon in the K. P. hall in the De Graff building for the purpose of attending the funeral of Fred Hawkins, who was killed in a wreck on the Colorado Midland railway near Green Mountain Falls Saturday morning. The funeral will be held from the family residence, N. 26 Colorado avenue in Colorado City, at 1:30 and train will leave Colorado City at 2 p. m. to convey the friends of the deceased to the cemetery. The funeral will be conducted by the Masons, of which lodge deceased was a member.

Mr. Harry Bedwell has just arrived in the city from Canon City. Mr. Bedwell will take a position with Mr. Charles V. Berghausen, 105 South Tejon street, as jeweler and optician.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years."—Anderson Riggs of Sunny Lane, Texas. Thousands have testified as did Mr. Riggs. Hefley Arcularius Drug Co., C. E. Smith, 117 South Tejon street.

"The Promenade"

is a new style of picture size, which up-to-date folks are now having taken.

In sustaining our claim of being up-to-date ourselves, we have just received some pretty designs in the "Promenade" picture frames.

We believe you will appreciate these if you see them.

R. ASHBY,
THE OPTICAL JEWELER
Bank Building, Colorado Springs.

Note Get the size of the frame before you have the picture taken.

DR. E. W. THOMPSON,
DENTIST,
Over 10 South Tejon St.
Graduate of the Philadelphia Dental College.

Can you afford it?

"Taking chances" with old glasses, wrong glasses, or no glasses, is risky.

You may take chances on the fit of a shoe or a hat and lose only your money.

You can only take chances on the fit of your eyeglass at the risk of losing both your money and your eyes.

When we fit you with glasses you take no chances, and pay nothing for the certainty.

Consultation free.

There's No Getting Around It

and it's about time to begin—spring house-cleaning, you know. But with good scrub-brushes, brooms, Sapolio, Gold Dust, long-handle brushes for the wall, dust-pans, dust-brushes, ammonia, window polish, and many other labor-savers we have for you, you can soon be through with it in the most satisfactory manner.

W. N. BURGESS,
112 North Tejon St.

Sure of This

You may be sure when you have

GUTMANN

Fill your PRESCRIPTIONS:

ONE—That the compounding will be done by a thoroughly trained and experienced registered pharmacist, who is paid a salary sufficiently large to make it worth his while to do the most careful, conscientious work; and

TWO That you will get nothing but pure, fresh, first-quality drugs put into the prescription; and

THREE That every prescription we put up undergoes a system-of-checking-up which makes mistakes next to impossible.

I. B. ROSS, Not in the Trust.

NOTICE!

To all the good people who have traveled around,
Look out for low prices that are offered in this town.
When they offer goods so cheap we all know their game;
When their prices are so low the quality is the same
Some advertise low prices—that is all they can do;
But it don't catch them all, if only catches a few.
When you buy fish you want it fresh and sweet.
Anyone knows the kind we handle cannot be beat.
To handle the best goods is always our aim,
And our prices are no higher than others if the quality of their goods is the same.
